

include the total time necessary to provide the requested information. In your opinion, how accurate are these estimates?

E. The agency's estimate in the above paragraph is only the cost to a respondent for the time it will take to complete each form. Due to the proposed changes, will a respondent incur any start-up costs for reporting, or any recurring annual costs for operation, maintenance, and purchase of services associated with these forms?

F. What additional actions could be taken to minimize the burden of these forms? Such actions may involve the use of automated, electronic, mechanical, or other technological collection techniques or other types of information technology.

G. To your knowledge, does any other Federal, State, or local agency collect similar information? If so, specify the agency, the data element(s), and the methods of collection.

*As a Potential User of the Information To Be Collected*

A. What actions could be taken to help ensure and maximize the quality, objectivity, utility, and integrity of the information disseminated?

B. Is the information useful at the levels of detail to be collected?

C. For what purpose(s) would the information be used? Be specific.

D. Are there alternate sources for the information and are they useful? If so, what are their weaknesses and/or strengths?

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of the form. They also will become a matter of public record.

#### Gulf South Pipeline Company LP; Notice of Application

June 17, 2003.

On June 6, 2003, Gulf South Pipeline Company LP (Gulf South), 20 East Greenway, Houston, Texas 77046, filed an application pursuant to Section 7(c) of the Natural Gas Act (NGA), as amended, and the Federal Energy Regulatory Commission's (Commission) Rules and Regulations, for authorization to construct, own and operate two horizontal replacement injection/withdrawal wells in the Bistineau Storage Facility, located in Bienville Parish, Louisiana, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing is available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll-free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Gulf South proposes to construct, own and operate two new horizontal injection/withdrawal wells, approximately 440 feet of associated 8-inch diameter gathering lines and appurtenant facilities. Gulf South states these wells will be operated within Gulf South's current certificated limits, and will not exceed its certificated storage capacity or deliverability.

Any questions concerning this application may be directed to J. Kyle Stephens, Director of Certificates, Gulf South Pipeline Company, LP, 20 East Greenway Plaza, Houston, Texas 77046, phone (713) 544-7309, fax (713) 544-

4818, email:

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 385.214 or 385.211) and the regulations under the NGA (18 CFR 157.10) by the comment date, below. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. If filing by paper, a party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding. Protests and interventions may be filed electronically via the Internet in lieu of paper; *see* 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

#### Gulfstream Natural Gas System, L.L.C.; Notice of Proposed Changes in FERC Gas Tariff

June 17, 2003.

Take notice that on June 11, 2003, Gulfstream Natural Gas System, L.L.C. (Gulfstream) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, the following tariff sheet, reflecting an effective date of June 1, 2003.

#### Original Sheet No. 8E

Gulfstream states that this filing is being made to implement a Park negotiated rate transaction under Rate Schedule PALS pursuant to Section 31 of the General Terms and Conditions (GT&C) of Gulfstream's FERC Gas Tariff. Gulfstream also states that the tariff sheet identifies and describes the negotiated rate agreement, including the exact legal name of the relevant shipper, the negotiated rate, the rate schedule, the contract terms, and the Maximum Park Quantity. Gulfstream explains that the proposed tariff sheet includes footnotes where necessary to provide further detail on the agreement.

Gulfstream states that copies of its filing have been mailed to all affected customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed in accordance with § 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene.
