DEPARTMENT OF THE TREASURY

Privacy Act of 1974; System of Records

AGENCY: Treasury.

ACTION: Notice of alteration to a Privacy Act System of Records.

SUMMARY: The Department is altering its system of records Treasury .001-Treasury Payroll and Personnel System due to the recent upgrade of the automated, integrated human resources system (HRS) used by the Department.

DATES: Comments must be received by July 28, 2003. The proposed altered systems of records will become effective August 5, 2003 unless comments are received that would result in a contrary determination.

ADDRESSES: Comments should be sent to: Director, Office of Human Resources Enterprise Solutions, Department of the Treasury, 1500 Pennsylvania Ave., NW., Washington, DC 20220.

FOR FURTHER INFORMATION CONTACT: Kim Pridgen, Office of Human Resources Enterprise Solutions, (202) 622-1520.

SUPPLEMENTARY INFORMATION: In January 2001, the Human Resources System Program Office (HRSPPO) and the Treasury Integrated Management Information Systems (TIMIS) organizations were merged to create the Office of Human Resources Enterprise Solutions (HRES). The new structure, whose mission is to improve human resources systems and service delivery to Treasury through the application of innovative enterprise-wide technology, was designed to concentrate efforts and resources on Human Resource (HR) system modernization and to consolidate operations support into the future. Treasury and its bureaus have undertaken efforts to reengineer HR management and to design, develop and implement a new automated human resources system (HRS), which is based on a suite of commercial-off-the-shelf (COTS) products. The Departmental and bureau partnership formed to implement the new system will aid Treasury's bureaus in meeting their primary business need for an integrated HRS that will increase the timeliness and accuracy of personnel data, assist in streamlining personnel processes and enable users to directly and easily access and enter HR information in a secure environment. The basis for the Treasury initiative is to leverage COTS products to act as a catalyst to reengineer HR processes and practices at the Department. These improvements will reduce non-value added work so that resources can be redirected to value-added use.

The System name is being changed from Treasury Payroll and Personnel System to "Treasury Personnel and Payroll System". The address for each bureau is being added under "system location" to bring the notice into conformance with other Treasury-wide notices.

As a result of the establishment of the Department of Homeland Security and the transfer of four Treasury bureaus: Bureau of Alcohol, Tobacco and Firearms, United States Customs Service, Federal Law Enforcement Training Center and the United States Secret Service, the references to those bureaus are being removed from this system of records. In addition, pursuant to Treasury Order 120-01 dated January 21, 2003, the Alcohol and Tobacco Tax and Trade Bureau (TTB) was established and is being added to "System location" and "System manager".

The notice is also revised to add applicants and applicant data as new
