ONEOK WesTex Transmission, L.P.; Notice of Petition of Oneok Westex Transmission, L.P. To Amend Blanket Certificate and for Rate Approval Under Section 284.123(b)(2) of the Commission's Regulations and Requests for Waiver and Expedited Consideration

June 19, 2003.

Take notice that on June 16, 2003, ONEOK WesTex Transmission, L.P. (WesTex), a Hinshaw pipeline, filed a petition under section 7(c) of the Natural Gas Act and section 284.224(b) of the Commission's regulations, to amend its blanket certificate to include service over the Palo Duro pipeline system in the State of Texas, and a determination that the existing rate applicable to service over the Palo Duro pipeline system is fair and equitable under section 284.123(b)(2) of the Commission's regulations.

WesTex states that it seeks expedited consideration of its Petition and any waivers of the Commission's regulations necessary to grant its Petition, in order to insure continuity of service to current shippers of Enogex Inc. and prevent the unnecessary shut-in of gas supplies. WestTex explains that expedited consideration of this Petition is necessary given that the existing operator of the Palo Duro system, Enogex, Inc. only recently gave notice that it is terminating the lease of the facilities effective July 1, 2003, and thus will no longer operate the facilities after that date.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections

385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed on or before the intervention and protest date as indicated below. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that an oral hearing is required, further notice of such hearing will be duly given. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at hearing.

June 19, 2003.

Pinpoint Power, LLC (Pinpoint) filed an application for market-based rate authority, with an accompanying tariff. The proposed tariff provides for the sale of electric capacity, energy, and certain ancillary services at market-based rates. Pinpoint also requested waiver of various Commission regulations. In particular, Pinpoint requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by Pinpoint.

On June 12, 2003, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—South, granted the request for blanket approval under part 34, subject to the following:

Any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by Pinpoint should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with rules 211 and 214 of the Commission's rules of practice and procedure (18 CFR 385.211 and 385.214).

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Pinpoint's issuances of securities or assumptions of liability.
