

Third, the Commission believes that the Nasdaq-100 would be difficult to manipulate based on the wide range of instruments that provide economic exposure to the Index. Finally, Nasdaq's surveillance procedures will serve to deter as well as detect any potential manipulation. The Commission also notes that the value of the Nasdaq-100 Index is disseminated every 15 seconds over the Nasdaq Trade Dissemination System.

The Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**. Nasdaq has requested accelerated approval in order to begin listing and trading the PLUS immediately. In determining to grant the accelerated approval for good cause, the Commission notes that the Nasdaq-100 Index is an index of large, actively traded securities listed on the Nasdaq. Additionally, the PLUS will be listed pursuant to existing hybrid security listing standards as described above. Moreover, the Nasdaq-100 Index's weighting methodology is a commonly applied index calculation method. The Commission believes that the Notes will provide investors with an additional investment choice and that accelerated approval of the proposal will allow investors to begin trading the Notes promptly. Based on the above, the Commission finds, consistent with sections 15A(b)(6)<sup>22</sup> and 19(b)<sup>23</sup> of the Act, that there is good cause for accelerated approval of the product.

The Commission is approving Nasdaq's proposed listing and trading standards for the PLUS. The Commission specifically notes that, notwithstanding approval of the listing standards for the PLUS, other similarly structured products will require review by the Commission prior to being trading on Nasdaq.

## V. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,<sup>24</sup> that the proposed rule change (SR-NASD-2003-100) is hereby approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>25</sup>
