

the Bus Testing Center (Center) in Altoona, Pennsylvania. 49 U.S.C. 5318(a) further specifies that each new bus model is to be tested for maintainability, reliability, safety, performance (including braking performance), structural integrity, fuel economy, emissions, and noise.

The operator of the Bus Testing Center, the Pennsylvania Transportation Institute (PTI), has entered into a cooperative agreement with FTA. PTI operates and maintains the Center, and establishes and collects fees for the testing of the vehicles at the facility. Upon completion of the testing of the vehicle at the Center, a test report is provided to the manufacturer of the new bus model. The bus manufacturer certifies to an FTA grantee that the bus the grantee is purchasing has been tested at the Center. Also, grantees about the purchase a bus use this report to assist them in making their purchasing decisions. PTI maintains a reference file for all the test reports which are made available to the public.

### Federal Transit Administration

[FTA Docket No. FTA-2003-15491]

#### Agency Information Collection Activity Under OMB Review

**AGENCY:** Federal Transit Administration, DOT.

**ACTION:** Notice of request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for extension of the currently approved information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments was published on March 18, 2003.

**DATES:** Comments must be submitted before July 28, 2003. A comment to OMB is most effective if OMB receives it within 30 days of publication.

**FOR FURTHER INFORMATION CONTACT:** Sylvia L. Marion, Office of Administration, Office of Management Planning, (202) 366-6680.

**SUPPLEMENTARY INFORMATION:**

*Title:* Nondiscrimination as it Applies to FTA Grant Programs (*OMB Number:* 2132-0540).

*Abstract:* All entities receiving federal financial assistance from FTA are prohibited from discriminating against any employee or applicant for employment because of race, color, creed, sex, national origin, age, or disability. To ensure that FTA's equal employment opportunity (EEO) procedures are followed, FTA requires grant recipients to submit written EEO plans to FTA for approval. FTA's assessment of this requirement shows that the formulating, submitting, and implementing of EEO programs should minimally increase costs for FTA applicants and recipients.

To determine a grantee's compliance with applicable laws and requirements, grantee submissions are evaluated and analyzed based on the following criteria. First, an EEO program must include an EEO policy statement issued by the chief executive officer covering all employment practices, including recruitment, selection, promotions, terminations, transfers, layoffs, compensation, training, benefits, and other terms and conditions of employment. Second, the policy must be placed conspicuously so that employees, applicants, and the general public are aware of the agency's EEO commitment.

The data derived from written EEO and affirmative action plans will be used by the Office of Civil Rights in monitoring grantees' compliance with applicable EEO laws and regulations. This monitoring and enforcement activity will ensure that minorities and women have equitable access to employment opportunities and that

recipients of Federal funds do not discriminate against any employee or applicant because of race, color, creed, sex, national origin, age, or disability.

*Estimated Total Annual Burden:* 2,325 hours.

*Title:* Title VI as it applies to FTA Grant Programs.

*Abstract:* Section 601 of Title VI of the Civil Rights Act of 1964 states: "No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." This information collection is required by the Department of Justice (DOJ) Title VI Regulation, 28 CFR part 42, subpart F (§ 42.406), and DOT Order 1000.12. FTA policies and requirements are designed to clarify and strengthen these regulations. This requirement is applicable to all applicants, recipients, and subrecipients receiving federal financial assistance. Experience has demonstrated that program requirement at the application stage is necessary to assure that benefits and services are equitably distributed by grant recipients. The requirements prescribed by the Office of Civil Rights accomplish that objective while diminishing possible vestiges of discrimination among FTA grant recipients. FTA's assessment of this requirement indicated that the formulation and implementation of the Title VI program should occur with a decrease in costs to such applicants and recipients.

All FTA grant applicants, recipients, and subrecipients are required to submit applicable Title VI information to the FTA Office of Civil Rights for review and approval. If FTA did not conduct pre-award reviews, solutions would not be generated in advance and program improvements could not be integrated into projects. FTA's experience with pre-award reviews for all projects and grants suggests this method contributes to maximum efficiency and cost effectiveness of FTA dollars and has kept post-award complaints to a minimum. Moreover, the objective of the Title VI statute can be more easily attained and beneficiaries of FTA funded programs have a greater likelihood of receiving transit services and related benefits on a nondiscriminatory basis.

*Estimated Total Annual Burden:* 5,332 hours.

**ADDRESSES:** All written comments must refer to the docket number that appears at the top of this document and be submitted to the Office of Information

and Regulatory Affairs, Office of Management and Budget, 725-17th Street, NW., Washington, DC 20503, Attention: FTA Desk Officer.

*Comments are Invited On:* Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.
