Regulation #6090 also allowed for incorporation by reference of federally promulgated regulations. The revised regulation has been submitted by the Commonwealth in an application to revise its approved Public Water Supply Supervision Primacy Program (approved primacy program). The application demonstrates that Puerto Rico has adopted drinking water regulations which satisfy the NPDWRs for the above. The USEPA has determined that Puerto Rico's regulations are no less stringent than the corresponding Federal Regulations and that Puerto Rico continues to meet all requirements for primary enforcement responsibility as specified in 40 CFR 142.10.

DATES: This determination to approve the Commonwealth's primacy program revision application is made pursuant to 40 CFR 142.12(d)(3). It shall become final and effective August 1, 2003 unless (1) a timely and appropriate request for

a public hearing is received or (2) the Regional Administrator elects to hold a public hearing on her own motion. Any interested person, other than Federal Agencies, may request a public hearing. A request for a public hearing must be submitted to the Regional Administrator at the address shown below by August 1, 2003. If a substantial request for a public hearing is made within the requested thirty day time frame, a public hearing will be held and a notice will be given in the **Federal Register** and a newspaper of general circulation. Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator. If no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on her own motion, this determination shall become final and effective August 1, 2003.

Any request for a public hearing shall include the following information: (1) Name, address and telephone number of the individual organization or other entity requesting a hearing; (2) a brief statement of the requesting person's interest in the Regional Administrator's determination and a brief statement on information that the requesting person intends to submit at such hearing; (3) the signature of the individual making the request or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Public Notice, CC Docket No. 96-45, released June 16, 2003. On April 23, 2003, NPCR, Inc. d/b/a/ Nextel Partners (Nextel Partners) filed with the Commission a petition under section 214(e)(6) of the Communications Act of 1934, as amended, seeking designation as an eligible telecommunications carrier (ETC) to receive federal universal service support for service offered in those portions of Nextel Partners' licensed service area located in rural and non-rural areas in Virginia. Nextel Partners contends that the Virginia State Corporation Commission (Virginia Commission) lacks jurisdiction to consider Nextel Partners' petition because wireless carriers are not subject to state jurisdiction in Virginia. Hence, according to Nextel Partners, the Commission has jurisdiction under section 214(e)(6) to consider and grant its petition. Nextel Partners also maintains that it satisfies all the

statutory and regulatory prerequisites for ETC designation.

The petitioner must provide copies of its petition to the Virginia Commission. The Commission will also send a copy of this Public Notice to the Virginia Commission by overnight express mail to ensure that the Virginia Commission is notified of the notice and comment period.
