You may use EPA Dockets at <http://www.epa.gov/edocket/> to view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select "search," then key in the appropriate docket ID number.

II. Background

The Committee to Advise on Reassessment and Transition (CARAT) was established in accordance with the Federal Advisory Committee Act to provide advice and counsel to the Administrator of EPA and the Secretary of Agriculture regarding strategic approaches for pest management planning and tolerance reassessment for pesticides as required by the Food Quality Protection Act of 1996 (FQPA). Through CARAT, EPA and the USDA are working together to ensure smooth implementation of FQPA through use of sound science, consultation with stakeholders, increased transparency, and reasonable transition for agriculture. CARAT is composed of a balanced group of participants from the following sectors: Pesticide user, grower and commodity groups; industry and trade associations; food processors and distributors; environmental/public interest and farmworker groups; Federal, State and Tribal governments; public health organizations; and academia. The CARAT Work Group on Transition was established to identify barriers to the development and adoption by users of new, safer and effective pest management techniques

and to formulate recommendations for Federal agency actions that, in partnership with the range of stakeholders, will reduce or eliminate these barriers.

II. Background

The PPDC is composed of 42 members appointed by EPA's Deputy Administrator. Committee members were selected from a balanced group of participants from the following sectors: Pesticide user, grower and commodity groups; industry and trade associations; environmental/public interest and farmworker groups; Federal, State and Tribal governments; public health organizations; animal welfare; and academia. PPDC was established to provide a public forum to discuss a wide variety of pesticide regulatory development and reform initiatives, evolving public policy, program implementation issues, and science policy issues associated with evaluating and reducing risks from use of pesticides. PPDC's Registration Review Work Group was recently established and is comprised of 22 members with balanced representation from the broad group of stakeholders. The Registration Review Work Group is Chaired by Jay Ellenberger, Acting Director, Field and External Affairs Division, Office of Pesticide Programs, and Betty Shackelford, Acting Director, Special Review and Reregistration Division, Office of Pesticide Programs.
