II. Background

EPA is convening a focus group to receive comments on the Instructions for Reporting for the 2006 Partial Updating of the TSCA Chemical Substances Inventory. EPA is required by section 8(b) of the Toxic Substances Control Act (TSCA) to compile and update an inventory of chemical substances manufactured or imported in the United States. Every 4 years, manufacturers (including importers) of certain chemical substances on the Chemical Substances Inventory have been required to report data specified in the TSCA Section 8(a) Inventory Update

Rule (IUR), 40 CFR part 710. Past updates included information on the chemical's production volume, site-limited status, and plant site information. Amendments to the IUR published in the **Federal Register** of January 7, 2003 (68 FR 848) (FRL-6767-4), expanded the data reported on certain chemicals to assist EPA and others in screening potential exposures and risks resulting from manufacturing, processing, and use of TSCA chemical substances. At the same time, EPA amended the IUR regulations to increase the production volume threshold which triggers reporting requirements from 10,000 pounds per year to 25,000 pounds per year and established a new higher threshold of 300,000 pounds per year above which manufacturers must report additional information on downstream processing and use of their chemical substances. The 2003 amendments to the IUR also revoked the exemption from reporting for inorganic chemical substances, provided a partial exemption from reporting of processing and use information for chemical substances of low current interest, and continued the current exemption from reporting for polymers, microorganisms, and naturally occurring chemical substances. These changes modify requirements for information collected in calendar year 2005 and submitted in 2006 and thereafter. The meeting of the focus group may be of interest to persons currently reporting under the IUR and to manufacturers of inorganic chemical substances.

The meeting of the focus group will include a series of presentations by representatives of EPA on the Instructions for Reporting for the 2006 Partial Updating of the TSCA Chemical Inventory Database. Presentation topics will include reporting requirements, instructions for completing the reporting form, how to assert confidentiality claims, and how to submit completed reports to EPA. After each presentation, members of the focus group will be invited to comment on the clarity and completeness of the Instructions. Subsequently, other persons attending the meeting will be invited to comment on the Instructions. The purpose of the focus group is to receive input for improving the Instructions; subsequent meetings are planned for 2004 to provide training to persons who must report in 2006 under the IUR.

There is no charge for attending this meeting.

SUPPLEMENTARY INFORMATION:

I. Selection for Community Support Review

Section 10(g)(1) of the Federal Home Loan Bank Act (Bank Act) requires the Finance Board to promulgate regulations establishing standards of community investment or service Bank members must meet in order to maintain access to long-term advances. See 12 U.S.C. 1430(g)(1). The regulations promulgated by the Finance Board must take into account factors such as the Bank member’s performance under the Community Reinvestment Act of 1977 (CRA), 12 U.S.C. 2901 *et seq.*, and record of lending to first-time homebuyers. See 12 U.S.C. 1430(g)(2). Pursuant to section 10(g) of the Bank Act, the Finance Board has promulgated a community support requirements regulation that establishes standards a Bank member must meet in order to maintain access to long-term advances, and review criteria the Finance Board must apply in evaluating a member’s community support performance. See 12 CFR part 944. The regulation

includes standards and criteria for the two statutory factors—CRA performance and record of lending to first-time homebuyers. 12 CFR 944.3. Only members subject to the CRA must meet the CRA standard. 12 CFR 944.3(b). All members, including those not subject to CRA, must meet the first-time homebuyer standard. 12 CFR 944.3(c).

Under the rule, the Finance Board selects approximately one-eighth of the members in each Bank district for community support review each calendar quarter. 12 CFR 944.2(a). The Finance Board will not review an institution’s community support performance until it has been a Bank member for at least one year. Selection for review is not, nor should it be construed as, any indication of either the financial condition or the community support performance of the member.

Each Bank member selected for review must complete a Community Support Statement and submit it to the Finance Board by the August 25, 2003 deadline prescribed in this notice. 12 CFR 944.2(b)(1)(ii) and (c). On or before July 28, 2003, each Bank will notify the members in its district that have been selected for the 2002–03 sixth quarter community support review cycle that they must complete and submit to the Finance Board by the deadline a Community Support Statement. 12 CFR 944.2(b)(2)(i). The member’s Bank will provide a blank Community Support Statement Form, which also is available on the Finance Board’s Web site: <http://www.fhfb.gov>. Upon request, the member’s Bank also will provide assistance in completing the Community Support Statement.
