SUPPLEMENTARY INFORMATION:

Summary Information and Background Related to the Public Meeting

This public meeting is the second in a series of semiannual meetings that the EPA SAB Staff Office plans to hold with the public as part of its efforts to enhance effective public input as it continues to improve SAB policies and procedures. A description of the background for Staff Office meetings on public involvement in SAB activities can be found in the **Federal Register** notice published on September 5, 2002 (67 FR 56831-56832). At the August 5, 2003 meeting, the SAB Staff Office will provide a general update and take public comments on its planned efforts to improve policies and procedures at the SAB. One area of focus for discussions will be plans for developing a draft "Guide to Effective Public Participation in SAB Meetings and Report Development." The Staff Office will also address questions from the public concerning the proposal for reorganizing the SAB and hear public comments on the proposal.

Summary Information and Background Related to the Proposed Reorganization of the SAB

The SAB Staff Office is seeking public comments on a proposed organization of the SAB. The SAB Staff Office has worked extensively with the Reorganization Sub-Committee of the SAB Executive Committee and other EPA offices to develop this proposal. Background information on previous efforts to solicit public input concerning prospective SAB structural reorganization can be found in the **Federal Register** notice published on November 26, 2002 (67 FR 70729-70730). The Staff Office will consider public comments and consult with the SAB in making its final recommendations on the proposed reorganization to the EPA Administrator. The proposed SAB reorganization is available through the "Recent Additions" link on the EPA SAB Web site or can be obtained from Mr. Butterfield (for addresses see the **FOR FURTHER INFORMATION CONTACT** section above.)

The proposed reorganization is intended to enhance the ability of the SAB to carry out its critical mission more effectively. The Staff Office has identified three specific questions for public comment.

(a) Does the proposed reorganization appear to more effectively support the SAB mission in improving the way science is developed and used in environmental decision-making within EPA through its advisory role and peer review function, and does it appear to be flexible enough to support the SAB's mission in meeting future environmental challenges?

(b) Does the proposed reorganization appear to meet the SAB's goal of strengthening the independence of the SAB peer-review process and enhancing the quality of its peer review reports?

(c) If the proposed reorganization is approved, are there any major considerations that the SAB Staff Office should be aware of in planning for and implementing the proposed reorganization, especially in regard to facilitating effective public involvement in SAB processes?

Written comments on the proposed reorganization will be accepted until the date specified above. Written comments should be provided either in hard copy with original signature or electronic copy (acceptable file formats: Adobe Acrobat, WordPerfect, Word, or Rich Text files (in IBM-PC/Windows 95/98 format), and may be sent to Mr. Butterfield at the mailing or e-mailing addresses provided above.

Dated: July 11, 2003.

Vanessa T. Vu,

Director, EPA Science Advisory Board Staff Office.
