#### SUPPLEMENTARY INFORMATION:

*Title:* Tart Cherries Grown in the States of Michigan, New York, Pennsylvania, Oregon, Utah,

Washington and Wisconsin, Marketing Order No. 930.

*OMB Number:* 0581-0177.

*Expiration Date of Approval:* February 29, 2004.

*Type of Request:* Extension and revision of a currently approved information collection.

*Abstract:* Marketing order programs provide an opportunity for producers of fresh fruits, vegetables and specialty crops, in a specified production area, to work together to solve marketing problems that cannot be solved individually. Order regulations help ensure adequate supplies of high quality product and adequate returns to producers. Under the Agricultural Marketing Agreement Act of 1937 (AMAA), as amended (7 U.S.C. 601-674) industries enter into marketing order programs. The Secretary of Agriculture is authorized to oversee the order operations and issue regulations recommended by a committee of representatives from each commodity industry.

The information collection requirements in this request are essential to carry out the intent of the AMAA, and to administer the program, which has operated since 1996.

The tart cherry marketing order regulates the handling of tart cherries in the states of Michigan, New York, Pennsylvania, Oregon, Utah, Washington, and Wisconsin, hereinafter referred to as the "order." The order authorizes volume regulations that provide for a reserve pool in times of heavy cherry supplies. Other major marketing order provisions not currently in use include minimum grade and size regulations and authorization for market research and development projects, including paid advertising.

The order, and rules and regulations issued thereunder, authorize the Cherry Industry Administrative Board (Board), the agency responsible for local administration of the order, to require handlers and growers to submit certain information. Much of this information is compiled in aggregate and provided to the industry to assist in carrying out marketing decisions.

The Board has developed forms as a means for persons to file required information with the Board relating to tart cherry inventories, shipments, diversions, and other information needed to effectively carry out the
