Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA)

publishes abstracts of information collection requests under review by the Office of Management and Budget, in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301) 443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Application for the National Health Service Corps (NHSC) Scholarship Program (OMB No. 0915-0146): Extension

The National Health Service Corps (NHSC) Scholarship Program was established to help alleviate the geographic and specialty and other health practitioners in the United States. Under this program, health professions students are offered scholarships in return for service in a federally designated Health Professional Shortage Area (HPSA). The Scholarship Program

provides the NHSC with the health professionals it requires to carry out its mission of providing primary health care to HPSA populations in areas of greatest need. Students are supported who are well qualified to participate in the NHSC Scholarship Program and who want to assist the NHSC in its mission, both during and after their period of obligated service. Scholars are selected for these competitive awards based on the information provided in the application and during the semistructured personal interview that is conducted by a team of two interviewers who use a structured scoring procedure. Awards are made to applicants that demonstrate a high potential for providing quality primary health care services.

The estimated response burden is as follows:

Form	Number of respondents	Responses per respondent	Hours per response	Total burden hours
Application	2,000	1	1	2,000
Interview	1,100	1	1	1,100
Total	3,100			3,100

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Allison Eydt, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503, Fax Number 202-395-6974.

Dated: July 11, 2003.

Jane Harrison,

Director, Division of Policy Review and Coordination.

Health Resources and Services Administration

Agency Information Collection Activities: Proposed Collection: Comment Request

In compliance with the requirement for opportunity for public comment on proposed data collection projects (section 3506(c)(2)(A) of Title 44, United States Code, as amended by the Paperwork Reduction Act of 1995, Public Law 104-13), the Health Resources and Services Administration (HRSA) publishes periodic summaries of proposed projects being developed for submission to OMB under the Paperwork Reduction Act of 1995. To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, call the HRSA Reports Clearance Officer on (301) 443-1129.

Comments are invited on: (a) Whether the proposed collection of information

is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: The Health Education Assistance Loan (HEAL) Program: Forms—(OMB No. 0915-0043)—Revision

This clearance request is for a revision of the approval for three HEAL forms: the HEAL Repayment Schedule, Fixed and Variable (provides the borrower with cost of a HEAL loan, the number and amount of payments, and the Truth-in-Lending disclosures); and the Lender's Report on HEAL Student Loans Outstanding, Call Report (provides

information on the status of loans outstanding by the number of borrowers whose loan payments are in various stages of the loan cycle, such as student education and repayment, and the

corresponding dollar amounts). These forms are needed to provide borrowers with information on the cost of their loan(s) and to determine which lenders

may have excessive delinquencies and defaulted loans.

The estimate of burden for the forms are as follows:

Form and number	Number of respondents	Responses per respondent	Total responses	Hours per responses	Total burden hours
Disclosure: Repayment Schedule HRSA 502-1,2	15	666	9,990	.5	4995
Reporting: Call Report, HRSA 512	20	4	80	.75	60
Total Reporting and Disclosure	20		10,080		5,055

Send comments to Susan G. Queen, Ph.D., HRSA Reports Clearance Officer, Room 14-45, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: July 11, 2003.

Jane M. Harrison,

Director, Division of Policy Review and Coordination.

BILLING CODE 4165-15-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Proposed Collection; Comment Request; An Evaluation of the National Cancer Institute Science Enrichment Program

SUMMARY: In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on

proposed data collection projects, the National Cancer Institute (NCI), the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Proposed Collection

Title: An Evaluation of the NCI Science Enrichment Program (SEP).

Type of Information Collection

Request: Revision (OMB No. 0925-0510, Expiration 9/30/03).

Need and Use of Information

Collection: This evaluation is designed to assess the effectiveness of the NCI SEP in meeting its goals of: (1) Encouraging under-represented minority and under-served students who have just completed ninth grade to select careers in science, mathematics, and/or research, and (2) broadening and enriching students' science, research, and sociocultural backgrounds. The program is a 5 to 6-week residential program taking place on two university campuses—University of Kentucky,

Lexington and San Diego State University. The evaluation was designed as a controlled, longitudinal study, consisting of SEP students who attend the program and control group students who did not attend the program. The evaluation will provide NCI with valuable information regarding specific components that promote or limit the program's effectiveness, the extent to which the program is implemented as planned, how much the two regional programs vary, and how the program can be improved or made more effective. NCI will use this information to make decisions regarding continuation and expansion of the program.

Frequency of Response: One time.

Affected Public: Individuals or households.

Type of Respondents: High school and college students and parents of high school students participating in the program.

Cost to Respondents: \$4,500. The annual reporting burden is as follows:

ESTIMATES OF HOUR BURDEN: BURDEN REQUESTED

Type of respondents	Average #of respondents/Yr.	Frequency of response (follow up)	Average time per response	Average annual hour burden
SEP Participants	600	1	0.5	300
Control Group Students	300	1	0.5	150
Total	900			450

There are not Capital Costs, Operating Costs, and/or Maintenance Costs to report.

Request for Comments

Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including

whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including

the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Mr. Frank Jackson, Center to Reduce Cancer Health Disparities, National Cancer Institute,
