ACTION: Proposed rule.

SUMMARY: On August 9, 2002, the Governor of Colorado submitted a request to redesignate the Fort Collins ''moderate'' carbon monoxide (CO) nonattainment area to attainment for the CO National Ambient Air Quality Standard (NAAQS). The Governor also submitted a CO maintenance plan. With the maintenance plan, the Governor submitted revisions to Colorado's Regulation No. 11 ''Motor Vehicle Emissions Inspection Program'', and Colorado's Regulation No. 13 ''Oxygenated Fuels Program''. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule.
