

proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Phlx has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to reduce the economic burden on specialists who are competing for order flow in the Top 120 Options and to remain competitive. The 12 percent volume threshold should continue to encourage specialists to compete for order flow in the national market, while lessening the economic burdens placed on specialists from the imposition of the shortfall fee at a higher volume threshold.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁸ in general, and furthers the objectives of Section 6(b)(4) of the Act,⁹ in particular, in that it is an equitable allocation of reasonable dues, fees and other charges among Exchange members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Phlx does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change establishes or changes a due, fee, or other charge imposed by the Exchange, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁰ and subparagraph (f)(2) of Rule 19b-4¹¹ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is

necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying at the Commission's Public Reference Room. Copies of such filing also will be available for inspection and copying at the principal office of the Phlx. All submissions should refer to File No. SR-Phlx-2003-45 and should be submitted by August 19, 2003.

[Release No. 34-48208; File No. SR-Phlx-2003-48]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by the Philadelphia Stock Exchange, Inc. Relating to Specialist Deficit (Shortfall) Fee Credit

July 22, 2003.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 1, 2003, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the

proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Phlx proposes to amend its schedule of dues, fees and charges to: (1) Eliminate the Exchange's Equity Option Specialist Deficit (Shortfall) fee credit ("shortfall credit"); and (2) clarify the application of the shortfall credit during the time period during which it was in effect.

Pursuant to the shortfall credit, a credit of \$.35 per contract could be earned by options specialists for all contracts traded in excess of 14 percent of the total national monthly contract volume.³ The credits could be applied against previously imposed Equity Option Specialist Deficit (Shortfall) fees for the preceding six months for issues that, in the month the deficit occurred, the equity option traded in excess of 10 million contracts per month.⁴ The Exchange proposes to clarify that a specialist may earn a shortfall credit of \$.35 per contract for all contracts traded in excess of 14 percent for previously imposed shortfall fees for the preceding six months for issues that, in the month the deficit occurred, the equity option traded in excess of 10 million contract sides per month.⁵

The Exchange intends to eliminate the shortfall credit for all transactions settling on or after July 1, 2003.

The text of the proposed rule change is available at the Office of the Secretary, the Phlx, and the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Phlx included statements concerning the purpose of and basis for the

⁴ The contract volume reflects the total number of contracts in an option that were traded nationally for a specified month, based on volume reflected by The Options Clearing Corporation.

⁵ See Securities Exchange Act Release No. 44892 (October 1, 2001), 66 FR 51487 (October 9, 2001) (SR-Phlx-2001-83). In the proposed rule change submitted in connection with the shortfall credit, the word "sides" was inadvertently excluded from the proposal. The shortfall credit is more easily attainable if the threshold calculation is based on contract sides. For example, 10 million contracts equal 20 million contract sides.

proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Phlx has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to eliminate the Exchange's shortfall credit due to recent revisions to the Exchange's Specialist Deficit (Shortfall) fee program.⁶ The Exchange no longer wishes to allow for a shortfall credit due to these recent changes. However, the Exchange also seeks to clarify the application of the shortfall credit during the time period during which it was in effect in order to minimize member confusion.

2. Statutory Basis

The Exchange believes that its proposal is consistent with section 6(b) of the Act,⁷ in general, and furthers the objectives of section 6(b)(4) of the Act,⁸ in particular, in that it is an equitable allocation of reasonable dues, fees and other charges among Exchange members.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-48205; File No. SR-Phlx-2003-50]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by the Philadelphia Stock Exchange, Inc. Relating to the Payment for Order Flow Fees for the Top 120 Options

July 22, 2003.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934

("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 11, 2003, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III, below, which the Phlx has prepared. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Phlx proposes to establish its options payment for order flow fees imposed on the transactions of Phlx Registered Options Traders ("ROTs") for the period from August through October 2003 for the top 120 options based on volume statistics from April, May, and June 2003,³ as set forth in the ROT Equity Option Payment for Order Flow Charges Schedule⁴ and subject to certain exceptions listed below. The Phlx intends to implement the payment for order flow fees for trades settling on or after August 1, 2003 through October 31, 2003. The rate levels would not change: The top-ranked equity option would be charged a fee of \$1.00 per contract; the next 49 equity options would be charged a fee of \$.40 per contract;⁵ and no fee would be imposed for the remaining equity options in the top 120. The ROT Equity Option Payment for Order Flow Charges Schedule is available at the Phlx and at the Commission.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ The Exchange's payment for order flow fee is imposed on transactions in the top 120 most actively traded equity options in terms of the total number of contracts that are traded nationally, based on volume statistics provided by the Options Clearing Corporation. The measuring period for the top 120 options encompasses three months, and the Phlx files a separate proposed rule change for each three-month trading period. With respect to the payment for order flow fees imposed on trades settling on or after May 1, 2003 through July 31, 2003, for example, the measuring period for the top 120 options was based on volume statistics from January, February, and March 2003. See Securities Exchange Act Release No. 47805 (May 6, 2003), 68 FR 25669 (May 13, 2003) (SR-Phlx-2003-34). For the payment for order flow fees imposed on trades settling on or after August 1, 2003 through October 31, 2003, as set forth in this proposal, the measuring period for the top 120 options is based on volume statistics from April, May, and June 2003.

⁴ To avoid confusion, the ROT Equity Option Payment for Order Flow Charges Schedule reflects only those options being charged more than \$0.00.

⁵ The fees for the equity options ranked from two through fifty recently decreased from \$0.50 per contract to \$0.40 per contract. See Securities Exchange Act Release No. 48032 (June 13, 2003), 68 FR 37194 (June 23, 2003) (SR-Phlx-2003-42).
