July 25, 2003.

Moraine Wind LLC (Moraine) filed an application for market-based rate authority, with an accompanying tariff. The proposed tariff provides for sales of capacity and energy at market-based rates. Moraine also requested waiver of various Commission regulations. In particular, Moraine requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by Moraine.

On July 17, 2003, pursuant to delegated authority, the Director, Division of Tariffs and Market Development—South, granted the request for blanket approval under part 34, subject to the following:

Any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of

liability by Moraine should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214).

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is August 18, 2003.

Absent a request to be heard in opposition by the deadline above, Moraine is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of Moraine, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Moraine's issuances of securities or assumptions of liability.
