See *Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles, From the People's Republic of China: Extension of Time Limit for Final Results of Antidumping Duty Administrative Review on Bars/Wedges*, 68 FR 41557 (July 14, 2003).

Extension of Time Limits for Final Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to complete its final results of review within 120 days after the date on which the preliminary results were published. However, the Department may extend the deadline for completion of an administrative review if it determines that it is not practicable to complete the review within the statutory time limit. Section 751(a)(3)(A) of the Act allows the Department to extend the deadline for completion of the final results to 180 days from the date of publication of the preliminary results. As a result of the complex issues involved in this review, it is not practicable to complete this review by the current deadline of August 7, 2003. Therefore, we are now extending the time limit an additional 26 days, to September 2, 2003. See Memorandum from Thomas F. Futtner, Acting Office Director, to Holly A. Kuga, Acting Deputy Assistant Secretary, dated concurrently with this notice, which is on file in the Central Records Unit, Room B-099 of the main Commerce building.

This notice is published in accordance with section 735(a)(2) of the Act and 19 CFR 351.210(g).

Dated: July 30, 2003.

Holly A. Kuga,

Acting Deputy Assistant Secretary, Import Administration, Group II.

Stainless Steel Wire Rod from India: Extension of Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit for the preliminary results of antidumping duty administrative review.

EFFECTIVE DATE: August 5, 2003.

SUMMARY: The Department of Commerce ("the Department") is extending the time limit for the final results of the review of stainless steel wire rod from India. This review covers the period December 1, 2001 through November 30, 2002.

FOR FURTHER INFORMATION CONTACT: Kit Rudd, Eugene Degnan, or Jonathan Herzog, AD/CVD Enforcement, Group III, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington DC 20230; telephone: (202) 482-1385, (202) 482-0414 and (202) 482-4271 respectively.

Background

On January 22, 2003, the Department published a notice of initiation of a review of Stainless Steel Wire Rod ("SSWR") from India covering the period December 1, 2001 through November 30, 2002. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*: 68 FR 3009 (January 22, 2003).

Extension of Time Limit of Preliminary Results

Section 751(a)(3)(A) of the Act states that if it is not practicable to complete the review within the time specified, the administering authority may extend the 245-day period to issue its preliminary results by up to 120 days. Completion of the preliminary results of this review within the 245-day period is not practicable for the following reasons:

- The review involves three companies, all including sales and cost investigations which require the Department to gather and analyze a significant amount of information pertaining to each company's sales practices, manufacturing costs and corporate relationships.

- Additionally, responses from the three companies required the Department to issue multiple supplemental questionnaires which further delayed the planned verification schedules.

Therefore, in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the preliminary results of review by 90 days until December 1, 2003. The final results continue to be due 120 days after the publication of the preliminary results.

Dated: July 30, 2003.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration, Group III.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial

review of final determinations in antidumping and countervailing duty cases involving imports from the other country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). These rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686).

Panel Decision: On July 17, 2003, the Binational Panel affirmed in part and remanded in part the Department of Commerce's final antidumping duty determination. The following issues were remanded to the Department:

6. To treat "trim blocks" produced by Abitibi Inc. as subject merchandise rather than by-products, and to allocate production costs to the trim blocks produced by Abitibi during the period of the investigation;
