

of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of this final rule in the **Federal Register**. This final rule is not a "major rule" as defined by 5 U.S.C. 804(2).

List of Subjects in 40 CFR Part 180

Environmental protection, Administrative practice and procedure, Agricultural commodities, Pesticides and pests, Reporting and recordkeeping requirements.

Dated: July 31, 2003.

James Jones,

Director, Office of Pesticide Programs.

■ Therefore, 40 CFR chapter I is amended as follows:

PART 180—[AMENDED]

■ 1. The authority citation for part 180 continues to read as follows:

Authority: 21 U.S.C. 321(q), 346(a) and 371.

■ 2. Section 180.590 is added to subpart C to read as follows:

§ 180.590 2,6-Diisopropylnaphthalene (2,6-DIPN); tolerances for residues.

(a) *General.* Tolerances are established for residues of 2,6-Diisopropylnaphthalene (2,6-DIPN) in or on the following commodities:

Commodity	Parts per million	Expiration/revocation date
Meat	1.35	5/31/06
Meat byproducts	1.35	5/31/06
Milk	0.7	5/31/06
Potatoes (peel)	3	5/31/06
Potatoes (whole)	0.5	5/31/06

(b) Section 18 emergency exemptions. [Reserved]

(c) Tolerances with regional registrations. [Reserved]

(d) Indirect or inadvertent residues. [Reserved]

§ 180.1208 [Removed]

■ 3. Section 180.1208 is removed. [FR Doc. 03-20307 Filed 8-7-03; 8:45 am]

BILLING CODE 6560-50-S

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 54

[CC Docket No. 96-45; FCC 03-188]

Federal-State Joint Board on Universal Service: Children's Internet Protection Act

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Commission adopts measures to ensure that its implementation of the Children's Internet Protection Act (CIPA) complies with the recent decision of the United States Supreme Court. CIPA requires schools and libraries with "computer Internet access" to certify that they have Internet safety policies and technology protection measures, e.g., software filtering technology, to receive discounts for Internet access and internal connections under the schools and libraries universal service support mechanism (e-rate).

DATES: The rule and the revised FCC Forms 479 and 486 in this document contain collection requirements that have not been approved by OMB. Upon OMB approval, the Commission will publish a document in the **Federal Register** announcing the effective date of the rule and the revised FCC Forms 479 and 486.

FOR FURTHER INFORMATION CONTACT: Jennifer Schneider, Attorney, Wireline Competition Bureau, Telecommunications Access Policy Division, (202) 418-7400.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Order in CC Docket No. 96-45 released on July 24, 2003. The full text of this document is available for public inspection during regular business hours in the FCC Reference Center, Room CY-A257, 445 Twelfth Street, SW., Washington, DC 20554.

I. Introduction

1. In this Order, we adopt measures to ensure that our implementation of the Children's Internet Protection Act (CIPA) complies with the recent decision of the United States Supreme Court. CIPA requires schools and libraries with "computer Internet access" to certify that they have Internet safety policies and technology protection measures, e.g., software filtering technology, to receive discounts for Internet access and internal connections under the schools'

and libraries' universal service support mechanism (e-rate).

2. Libraries subject to CIPA's filtering requirements that are not currently in compliance with the CIPA filtering requirements must undertake efforts in Funding Year 2003 to comply by Funding Year 2004 in order to receive e-rate funds. Libraries must be in compliance with the CIPA requirements by Funding Year 2004, except to the extent such libraries are eligible for and receive a waiver of the CIPA requirements pursuant to section 254(h)(6)(E)(ii)(III). We direct the Administrator in consultation with the Wireline Competition Bureau (Bureau) to implement the necessary procedural changes, including changes to the current CIPA-related certifications required of applicants. We take these steps to respond promptly to the Supreme Court's decision and to ensure that the schools' and libraries' universal service support mechanism continues to operate in accordance with federal law.

II. Discussion

3. Consistent with the Supreme Court decision, as of the effective date of this Order, we lift the suspension of enforcement of those § of 54.520 of our rules which implemented the section 254(h)(6) requirement that libraries have Internet filtering technology to receive discounts for Internet access and internal connections under e-rate. Specifically, we lift the suspension of enforcement of §§ 54.520(c)(2)(i) and (iii), 54.520(c)(3), 54.520(d), and 54.520(g)(1) of our rules as applied to libraries. In addition, we modify § 54.520(f) and (g) to conform with the revised timeline for the implementation of section 254(h)(6) of the Act.

4. Consistent with the implementation framework established by Congress, libraries receiving e-rate discounts for Internet access or internal connections shall have one year from July 1, 2003, which is the start of Funding Year 2003, to come into compliance with the filtering requirements of CIPA. When Congress enacted CIPA in 2001, it recognized that it may take libraries a significant amount of time to procure and install the Internet filtering technology required to comply with CIPA. Accordingly, CIPA allows libraries either to certify (1) that they are in compliance with CIPA or (2) that they are "undertaking such actions, including any necessary procurement procedures, to put in place" the required policy measures to comply with CIPA for the next funding year. Given that the Supreme Court decision was issued on June 23, 2003 and will be effective no sooner than July 18, 2003,

we believe that it is unrealistic to expect all libraries to be in a position to certify compliance with CIPA for Funding Year 2003, which began July 1, 2003. In order to comply with the statute's Internet filtering requirement, many libraries must prepare a budget for the purchase of software and related costs, design, procure and/or order software appropriate for their systems, install the software and implement a procedure for unblocking the filter upon request by an adult. This process, as Congress recognized, would almost certainly take some time to complete. Therefore, we conclude that allowing libraries this time period to comply with CIPA filtering requirements is consistent with Congress's intent in enacting CIPA and with the public interest.

5. During Funding Year 2003, all libraries that receive discounts for Internet access or internal connections must certify that they are either compliant with CIPA or undertaking efforts to be in compliance by the time the libraries commence services for Funding Year 2004. Libraries that are not in compliance with CIPA for Funding Year 2003 and will not be undertaking efforts during Funding Year 2003 to comply with CIPA by Funding Year 2004 may not receive e-rate funds for Internet access or internal connections for Funding Year 2003. Such libraries may receive e-rate funds only for telecommunications services. All libraries that have not filed an FCC Form 486 prior to the effective date of this Order must file the revised FCC Form 486. All libraries that filed the September 2002 version of the FCC Form 486 prior to the effective date of this Order and will receive discounts for Internet access or internal connections for Funding Year 2003 must also refile using the revised FCC Form 486. The deadline for submitting all revised FCC Form 486s remains the same for all libraries—the later of 120 days after the Service Start Date or 120 days after the date of the Funding Commitment Decision Letter. Libraries that filed the September 2002 version of the FCC Form 486 for Funding Year 2003 prior to the effective date of this Order and that receive e-rate funds only for telecommunications services are not required to file a revised FCC Form 486. The filing of a revised FCC Form 486 for such libraries is unnecessary because they do not need to certify compliance with the CIPA filtering requirements.

6. These filing requirements also apply to library consortium leaders. Billed entities that are library consortium leaders should abide by the instructions for filing the FCC Form 486. Billed entities that previously filed the

September 2002 version of FCC Form 486 on behalf of library consortium members must file the revised FCC Form 486, unless all members of the consortium receive e-rate funds only for telecommunications services. In addition, all library consortium members must file with their billed entity, and all billed entities must collect and hold from each consortium member the revised FCC Form 479. All library consortium members that filed an FCC Form 479 prior to the effective date of this Order must file a revised FCC Form 479 with their billed entity within 45 days after the effective date of this Order. In order for such library consortium members to receive e-rate funds for Internet access and internal connections for Funding Year 2003, they must be in compliance with CIPA or undertaking efforts to be in compliance with CIPA at the time the revised FCC Form 479 is filed. Library consortium members that did not file FCC Form 479 prior to the effective date of this Order should work with their billed entity to determine when to submit the revised FCC Form 479. In addition, billed entities whose consortia include both libraries that are in compliance with CIPA for Funding Year 2003 or undertaking efforts to comply for Funding Year 2004 and libraries that do not intend to comply with CIPA must file FCC Form 500 to adjust their funding commitments as applicable within 30 days after filing the revised FCC Form 486. This FCC Form 500 filing requirement is necessary only for Funding Year 2003 because of the timing of the Supreme Court decision.

7. CIPA also provides for a waiver of the certification requirements in the second year after the effective date of CIPA if state or local procurement rules or regulations or competitive bidding requirements prevent compliance. Accordingly, consistent with this provision of CIPA, a library or billed entity that applies for discounts in Funding Year 2003 may submit a waiver request for Funding Year 2004 if state or local procurement rules or regulations or competitive bidding requirements prevent compliance by the start of Funding Year 2004. The revised FCC Forms 486 and 479 attached to this Order have been revised to reflect this option.

III. Ordering Clauses

8. Pursuant to the authority of sections 1–5 and 254 of the Communications Act of 1934, as amended, 47 U.S.C. 151–155, and 254, and the Children's Internet Protection Act, Public Law 106–554 section 1701 *et seq.* as codified at 47 U.S.C. 254(h) and

(l), this Order is adopted. The modifications to a collection of information contained within this Order are contingent upon approval by the Office of Management and Budget.

9. The suspension of enforcement implemented in the *Interim Order*, 67 FR 50602, August 5, 2002, of §§ 54.520(c)(2)(i) and (iii), 54.520(c)(3), 54.520(d), and 54.520(g)(1) of the Commission's rules as they apply to all libraries and to the extent that they require any library to filter or certify to such filtering under 47 U.S.C. 254(h)(6), is lifted as of the effective date of this Order, consistent with the terms of this Order.

10. Pursuant to the authority contained in sections 1–4, 201–205, 218–220, 254, 303(r), and 403 of the Communications Act of 1934, as amended, 47 U.S.C. 151–154, 201–205, 318–220, 254, 303(r), 403, section 553 of the Administrative Procedure Act, 5 U.S.C. 553, and the Children's Internet Protection Act, Public Law 106–554 section 1701 *et seq.* as codified at 47 U.S.C. 254(h), the amendments to §§ 54.520 (f) and (g) of the Commission's rules are adopted.

11. Authority is delegated to the Chief of the Wireline Competition Bureau pursuant to section 5(c) of the Communications Act of 1934, 47 U.S.C. 155(c), to modify any forms that are necessary to implement the decisions adopted in this Order.

12. The rule and the revised FCC Forms 479 and 486 in this document contain collection requirements that have not been approved by OMB. Upon OMB approval, the Commission will publish a document in the **Federal Register** announcing the effective date of the rule and the revised FCC Forms 479 and 486.

Marlene H. Dortch,
Secretary.

Final Rules

■ For the reasons discussed in the preamble, the Federal Communications Commission amends 47 CFR part 54 as follows:

PART 54—UNIVERSAL SERVICE

■ 1. The authority citation for part 54 continues to read as follows:

Authority: 47 U.S.C. 1, 4(i), 201, 205, 214 and 254 unless otherwise noted.

■ 2. Amend § 54.520 by revising the second sentence of paragraph (f), revise paragraph (g), and remove the note to § 54.520. The revisions read as follows:

§ 54.520 Children's Internet Protection Act certifications required from recipients of discounts under the Federal universal service support mechanism for schools and libraries.

* * * * *

(f) * * * The waiver shall be granted upon the provision, by the authority responsible for making the certifications on behalf of schools or libraries, that the schools or libraries will be brought into compliance with the requirements of this section, for schools, before the start of the third program year after April 20, 2001 in which the school is applying for funds under this title, and, for libraries, before the start of Funding Year 2005 or the third program year after April 20, 2001, whichever is later.

(g) *Funding year certification deadlines*—For Funding Year 2003 and for subsequent funding years, billed entities shall provide one of the certifications required under paragraph (c)(1), (c)(2) or (c)(3) of this section on an FCC Form 486 in accordance with the existing program guidelines established by the Administrator.

47 CFR Part 73

[DA 03–105; MB Docket No. 03–105; RM–10671]

Radio Broadcasting Services; Glens Falls, Indian Lake, Malta and Queensbury, NY

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: This document substitutes Channel 289A for Channel 289B1 at Queensbury, New York, reallocs Channel 289A to Malta, New York, and modifies the license for Station WNYQ; reallocs Channel 240A from Glens Falls, New York, to Queensbury, New York, and modifies the license for Station WCQL; and allots Channel 290A at Indian Lake, New York, in response to a petition filed by Vox New York, LLC and Entertronics, Inc. See 68 FR 28186, May 23, 2003. The coordinates for Channel 289A at Malta are 42–58–58 and 73–48–00. The coordinates for Channel 240A at Queensbury are 43–24–12 and 73–40–25. The coordinates for Channel 290A at Indian Lake are 43–46–57 and 74–16–20. Canadian concurrence has been requested for the allotments at Indian Lake, Malta, and

Queensbury, New York. A filing window for Channel 290A at Indian Lake will not be opened at this time. Instead, the issue of opening this allotment for auction will be addressed by the Commission in a subsequent Order. With this action, this proceeding is terminated.

DATES: Effective September 8, 2003.
