**BILLING CODE 3510-DR-S**

**COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS**

**Adjustment of Import Limits for Certain Cotton, Wool and Man-Made Fiber Textiles and Textile Products Produced or Manufactured in the Socialist Republic of Vietnam**

August 5, 2003.

**AGENCY:** Committee for the Implementation of Textile Agreements (CITA).

**ACTION:** Issuing a directive to the Commissioner, Bureau of Customs and Border Protection.

**EFFECTIVE DATE:** August 8, 2003.

**FOR FURTHER INFORMATION CONTACT:** Naomi Freeman, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-4212. For information on the quota status of these limits, refer to the Quota Status Reports posted on the bulletin boards of each Customs port, call (202) 927-5850, or refer to the Bureau of Customs and Border Protection Web site at <http://www.customs.gov>. For information on embargoes and quota re-openings, refer to the Office of Textiles and Apparel Web site at <http://otexa.ita.doc.gov>.

**SUPPLEMENTARY INFORMATION:**

**Authority:** Section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854); Executive Order 11651 of March 3, 1972, as amended.

The current limits for certain categories are being adjusted for swing and carryforward.

A description of the textile and apparel categories in terms of HTS numbers is available in the **CORRELATION:** Textile and Apparel Categories with the Harmonized Tariff Schedule of the United States (see **Federal Register** notice 68 FR 1599, published on January 13, 2003). Also

see 68 FR 26575, published on May 16, 2003.

**James C. Leonard III,**  
*Chairman, Committee for the Implementation of Textile Agreements.*

**Committee for the Implementation of Textile Agreements**

August 5, 2003.  
Commissioner,  
*Bureau of Customs and Border Protection, Washington, DC 20229*

Dear Commissioner: This directive amends, but does not cancel, the directive issued to you on May 12, 2003, by the Chairman, Committee for the Implementation of Textile Agreements. That directive concerns imports of certain cotton, wool and man-made fiber textiles and textile products, produced or manufactured in Vietnam and exported during the twelve-month period which began on May 1, 2003 and extends through December 31, 2003.

Effective on August 8, 2003, you are directed to adjust the limits for the following categories, as provided for under the terms of the current bilateral textile agreement between the Governments of the United States and Vietnam:

Category	Restraint limit <sup>1</sup>
200 .....	112,000 kilograms.
301 .....	480,533 kilograms.
332 .....	106,667 dozen pairs.
333 .....	25,440 dozen.
334/335 .....	504,000 dozen.
338/339 .....	9,960,000 dozen.
340/640 .....	1,413,333 dozen.
341/641 .....	538,973 dozen.
342/642 .....	414,163 dozen.
345 .....	212,000 dozen.
347/348 .....	5,241,000 dozen.
351/651 .....	359,893 dozen.
352/652 .....	1,307,333 dozen.
359-C/659-C <sup>2</sup> .....	242,667 kilograms.
359-S/659-S <sup>3</sup> .....	371,000 kilograms.
434 .....	12,096 dozen.
435 .....	28,267 dozen.
440 .....	1,767 dozen.
447 .....	36,747 dozen.
448 .....	22,613 dozen.
620 .....	2,997,227 square meters.
632 .....	153,333 dozen pairs.
638/639 .....	949,013 dozen.
645/646 .....	141,333 dozen.
647/648 .....	1,394,478 dozen.

<sup>1</sup> The limits have not been adjusted to account for any imports exported after April 30, 2002.

<sup>2</sup> Category 359-C: only HTS numbers 6103.42.2025, 6103.49.8034, 6104.62.1020, 6104.69.8010, 6114.20.0048, 6114.20.0052, 6203.42.2010, 6203.42.2090, 6204.62.2010, 6211.32.0010, 6211.32.0025 and 6211.42.0010; Category 659-C: only HTS numbers 6103.23.0055, 6103.43.2020, 6103.43.2025, 6103.49.2000, 6103.49.8038, 6104.63.1020, 6104.63.1030, 6104.69.1000, 6104.69.8014, 6114.30.3044, 6114.30.3054, 6203.43.2010, 6203.43.2090, 6203.49.1010, 6203.49.1090, 6204.63.1510, 6204.69.1010, 6210.10.9010, 6211.33.0010, 6211.33.0017 and 6211.43.0010.

<sup>3</sup> Category 359-S: only HTS numbers 6112.39.0010, 6112.49.0010, 6211.11.8010, 6211.11.8020, 6211.12.8010 and 6211.12.8020; Category 659-S: only HTS numbers 6112.31.0010, 6112.31.0020, 6112.41.0010, 6112.41.0020, 6112.41.0030, 6112.41.0040, 6211.11.1010, 6211.11.1020, 6211.12.1010 and 6211.12.1020.

The Committee for the Implementation of Textile Agreements has determined that these actions fall within the foreign affairs exception to the rulemaking provisions of 5 U.S.C. 553(a)(1).

Sincerely,  
James C. Leonard III,  
*Chairman, Committee for the Implementation of Textile Agreements.*

**DEPARTMENT OF DEFENSE**

**Department of the Army**

**Availability of Non-Exclusive, Exclusive License or Partially Exclusive Licensing of U.S. Patent Protective Glove and Method For Making Same**

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice.

**SUMMARY:** In accordance with 37 CFR part 404.6, announcement is made of the availability for licensing of U.S. Patent No. US 6,596,345 B2 entitled "Protective Glove and Method for Making Same" issued July 22, 2003. This patent has been assigned to the United States Government as represented by the Secretary of the Army.

**FOR FURTHER INFORMATION CONTACT:** Mr. Robert Rosenkrans at U.S. Army Soldier and Biological Chemical Command, Kansas Street, Natick, MA 01760, phone (508) 233-4928 or e-mail: [Robert.Rosenkrans@natick.army.mil](mailto:Robert.Rosenkrans@natick.army.mil).

**SUPPLEMENTARY INFORMATION:** Any licenses granted shall comply with 35 U.S.C. 209 and 37 CFR part 404.

**Luz D. Ortiz,**  
*Army Federal Register Liaison Officer.*

**BILLING CODE 3710-08-M**

**DEPARTMENT OF DEFENSE**

**Department of the Army, Corps of Engineers**

**Notice of Availability, Draft Environmental Impact Statement (DEIS)**

**AGENCY:** U.S. Army Corps of Engineers, DOD.

**ACTION:** Announcement of DEIS Availability, King Cove Access Project, and Notice of Public Hearings.

**SUMMARY:** The King Cove Health and Safety Act (Section 353) of the Omnibus Consolidated and Emergency Supplemental Appropriations Act of 1999 (Public Law 105-277) provided the Aleutians East Borough (AEB) with \$20 million to construct a year-round marine-road transportation system between the Cities of King Cove and Cold Bay, Alaska, on the Alaska Peninsula. AEB proposes a 152-acre project consisting of a 17.2-mile access road, two hovercraft ramps, and terminals located on the Northeast Corner of Cold Bay and Cross Wind Cove, on the west side of Cold Bay, and a hovercraft. The Corps of Engineers, Alaska District, has evaluated the AEB's permit application under the authority of Section 10 of the Rivers and Harbors Act and Section 404 of the Clean Air Act. The EIS describes five alternatives that satisfy the purpose and needs for the proposed project. The alternatives are: (1) Northeast Corner Cold Bay—Hovercraft; (3) Lenard Harbor—Hovercraft; (4) Lenard Harbor—Ferry; (5) Lenard Harbor—Helicopter; and (6) the Isthmus Road alternative.

Alternative 2 is the No-Action Alternative. Alternative 6 is included for comparison purposes only and cannot be selected for authorization by the decision-maker. Alternatives 1, 3, 4, and 5 would be constructed primarily on King Cove Corporation surface lands. Alternative 1 requires a USFWS compatibility determination on Native corporation owned lands within the Izembek National Wildlife Refuge, and no construction or operations would occur within the Congressionally designated Wilderness Area. Currently, Alternatives 3 and 4 are designated as the Environmentally Preferable Alternatives. The Corps of Engineers will use the EIS, public review process and consideration of comments received as a basis for the permit decision.

**SUPPLEMENTARY INFORMATION:** The U.S. Army Corps of Engineers, Alaska District, is the lead Federal agency with the U.S. Fish and Wildlife Service (USFWS) as a cooperating agency for this DEIS. During the Scoping process (February 16 to June 22, 2001) over 12,331 comments were received, with over 12,000 comments and opinions provided by e-mail. Many of these scoping comments expressed an objection to a road through the Izembek National Wildlife Refuge Wilderness Area. Twenty-eight alternatives were preliminarily considered during the scoping and the alternative

development phase of the EIS process. Six alternatives were selected for further evaluation. The proposed action (Alternative 1, Northeast Corner Cold Bay / Hovercraft) and two alternatives (Alternative 3, Lenard Harbor / Hovercraft; and Alternative 4, Lenard Harbor / Ferry) were selected for detailed evaluation that incorporates a marine-road link design in compliance with Section 353 cited above. The required "no action" alternative is presented as Alternative 2. The two remaining alternatives are not in compliance with section 353; hence, the \$20 million Federal appropriations would not be available for project construction. These are an air-road link alternative (Alternative 5, Lenard Harbor / Helicopter) and an all-road alternative (Alternative 6, Isthmus Road). The all-road alternative (Alternative 6) is not a practicable alternative for evaluation under the Section 404(b)(1) Guidelines (40 CFR 230) for the Clean Water Act and cannot be authorized by the District Engineer. If an application is received by the USFWS under Title XI of ANCSA, a separate EIS would be required, with approval required by the Secretary of Interior, The President, and Congress. No significant adverse impacts were identified for Alternatives 1, 3, 4, and 5. Significant beneficial impacts were noted for each action alternative centering on human and social resources with the ability to enhance safe, reliable, and efficient emergency medical transport for King Cove residents and seasonal workers. For Alternatives 1, 3, 4, and 5 with the incorporation and implementation of mitigation measure, impacts to threatened and endangered or listed species (Steller's eider, Steller sea lion, and Northern sea otter) were preliminarily determined not likely to adversely affect these species. For the same alternatives and incorporation of mitigation measures, determinations of "would not likely impact Essential Fish Habitat", and Habitats of Particular Concern were concluded.

Public Workshops and Public Hearings: August 25, 2003, Cold Bay, Alaska, Community Building. Public Workshop: 7 p.m. to 8 p.m. Public Hearing: 8 p.m. to 9 p.m.

August 26, 2003; King Cove, Alaska, Community Center. Public Workshop: 4 p.m. to 5 p.m. Public Hearing: 7 p.m. to 9 p.m.

September 9, 2003; Anchorage, Alaska University of Alaska, Commons Room 107, 3700 Sharon Gagnon Lane. Public Workshop: 4 p.m. to 5 p.m. Public Hearing: 7 p.m. to 9 p.m.

*Comment Period:* Comments should be received by the Corps of Engineers, Alaska District (address above) by September 23, 2003, or 45 days from the publication date within the **Federal Register**, whichever is later.

**David S. Hobbie,**

*Assistant Branch Chief, Regulatory Branch, Alaska District.*

## DEPARTMENT OF DEFENSE

### Department of the Army; Corps of Engineers

#### Intent To Prepare a Draft Environmental Impact Statement for the Raritan and Sandy Hook Bay, Combined Erosion and Storm Damage Reduction Project, Borough of Highlands, Monmouth County, NJ

**AGENCY:** Department of the Army, U.S. Army Corps of Engineers, DoD.

**ACTION:** Notice of intent.

**SUMMARY:** The New York District of the U.S. Army Corps of Engineers (Corps) is preparing a Draft Environmental Impact Statement (DEIS) to ascertain compliance with and to lead to the production of a National Environmental Policy Act (NEPA) document in accordance with the President's Council of Environmental Quality (CEQ) rules and regulations, as defined and amended in 40 CFR parts 1500-1508, Corps' principals and guidelines as defined in Engineering Regulation (ER) 200-2-2, ER 1105-2-100, and other applicable Federal and State environmental laws for the proposed erosion control and storm reduction efforts in the Borough of Highlands in Monmouth County, NJ.

The Borough of Highlands is located in the northeastern section of Monmouth County and is bounded on the north by Sandy Hook Bay and on the east by the Shrewsbury River. The project study area consists of approximately 1/3 of a square mile of densely developed marine, commercial, and residential buildings at the eastern terminus, and extends westward approximately 11,000 feet, bounded by Sandy Hook Bay to the south and NJ State Route 36 to the north.
