**SUMMARY:** The Bureau of Reclamation (Reclamation) and the Freeport Regional Water Authority (FRWA) have made available for public review and comment the Draft EIS/EIR for the Freeport Regional Water Project.

water entitlements to Zone 40 area; (3) provide facilities through which East Bay Municipal Utility District (EBMUD) can take delivery of a supplemental supply of water that would substantially meet its need for water and reduce existing and future customer deficiencies during droughts; and (4) improve EBMUD system reliability and operational flexibility during droughts, catastrophic events, and scheduled major maintenance at Pardee Dam or Reservoir.

**DATES:** Submit written comments on the Draft EIS/EIR on or before October 7, 2003 at the address provided below. Four public hearings have been scheduled to receive oral or written comments regarding the project's environmental effects:
