Form U-7D, SEC File No. 270-75,
OMB Control No. 3235-0165.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") is soliciting comments on the collection for information summarized below. The Commission plans to submit this collection of

hours required for compliance would be included in the collection of information burden hours submitted by the Commodity Futures Trading Commission for its rules. The third contract provision requires that the FCM produce records or other information requested by the Commission or its staff. Commission staff has requested this type of information from an FCM so infrequently in the past that the annual burden hours are *de minimis*.

information to the Office of Management and Budget for extension and approval.

Form U-7D is used to file the certificate required by rule 7(D)(5) (17 CFR 250.7), under the Public Utility Holding Company Act of 1935 ("Act") 15 U.S.C. 79 *et seq.*, to establish the exempt status of financing entities which own assets leased to electric or gas utility companies for the use in the lessee's utility business. Unless it claims the exemption authorized by those sections and provides sufficient information to meet the statutory tests for the exemption, such financing company would meet the statutory definition of electric or gas utility company, under Section 2(a)(3) ("electric") or Section 2(a)(4) ("gas") of the Act, and such financing company would consequently be subject to regulation under the Act. Without the information provided on Form U-7D, the Commission would not have adequate access to the data used to establish that the filing company meets the requirements for exemption.

Respondents to the request for information in Form U-7D are registered public utility holding companies and their financing subsidiaries. Respondents must file a Form U-7D in order to receive exempt status. We estimate the average time to prepare the information required by Form U-7D at 3 hours per response based on our informal questioning selected respondents. Since there are approximately 8 respondents who file each year, the total annual respondent reporting burden is 24 hours at \$115 per hour.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Rule 26, SEC File No. 270-78, OMB Control No. 3235-0183.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information, summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget.

Rule 26, part 250.26 [17 CFR 250.26] under the Public Utility Holding Company Act of 1935, as amended ("Act"), 15 U.S.C. 79, *et seq.*, establishes financial statement and recordkeeping requirements of public utility holding companies registered under the Act and all their subsidiary companies.

The Commission estimates that the total annual reporting burden of Rule 26 is approximately one (1) hour.

The estimate of average burden hours is made for purposes of the Paperwork Reduction Act and is not derived from a comprehensive or representative survey or study of the costs of complying with the requirements of Commission rules and forms.

Written comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the collection of information; (3) ways to enhance the quality, utility and clarity of the information collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Extension:

Rule 62/Form U-R-1, SEC File No. 270-166, OMB Control No. 3235-0152.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") is soliciting comments on the collection for information summarized below. The Commission plans to submit this collection of information to the Office of Management and Budget for extension and approval.

Form U-R-1 is filed under Rule 62 (17 CFR 250.62), which implements sections 12(e) and 11(g) of the Public Utility Holding Company Act of 1935 ("Act") 15 U.S.C. 79 *et seq.* Section 12(e) of the Act (15 U.S.C. 791(e)), makes it unlawful to solicit "any proxy, power of attorney, consent, or authorization regarding any security of a registered holding company or a subsidiary company thereof in contravention of such rules and regulations or orders as the Commission deems necessary." Section 11(g) of the Act (15 U.S.C. 79k(g)) prohibits, in pertinent part, the solicitation of proxy, consent, authorization, power of attorney, deposit, or dissent in respect of any reorganization plan or any plan under Section 11 for the divestment of control, securities or other assets or for the dissolution of a registered holding company or any subsidiary thereof, unless the plan has been proposed or submitted to the Commission and is not made in contravention of any Commission rule and regulations or order.

Rule 62 prohibits the solicitation of authorization regarding any security of

a registered holding company or any of its subsidiaries, in connection with any reorganization subject to Commission approval. Rule 62 also prohibits such solicitation regarding any transaction, which is the subject of an application or declaration filed with the Commission, except with respect to a solicitation, which has become effective pursuant to a declaration filed with the Commission. Every declaration under Rule 62, if in connection with any reorganization, is to be filed on Form U-R-1. Rule 62 exempts from the filing requirements solicitations to not more than 25 owners of securities or claims, and actions taken as a depository or custodian of securities solicited by order.

Due primarily to subsequent enlargement of the scope of the Securities Exchange Act of 1934 ("34 Act"), the solicitations under the provisions of Rule 62 are now governed, as to both form and substance, by the provisions of the 34 Act. The filings specified by Rule 62 now consist merely of incorporating by reference the company's filing under Section 14 of the 34 Act as an exhibit to the application or declaration under the Act seeking authorization for the transaction to which the solicitation is ancillary. Rule 62 does govern the date of the commencement of the solicitation.

Form U-R-1 and Rule 62 allow the Commission to adequately enforce Sections 12(e) and 11(g) of the Act. Not requiring the information collection would seriously interfere with the Commission's efforts in this regard.

Respondents to the request for information in Form U-R-1 are registered public utility holding companies and their subsidiaries. We estimate the average time to prepare the information required by Form U-R-1 at 5 hours per response based on our informal questioning selected respondents. Since there are approximately 7 respondents who file each year, the total annual respondent reporting burden is 35 hours at \$115 per hour.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information

technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to Kenneth A. Fogash, Acting Associate Executive Director/CIO, Office of Information Technology, Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, DC 20549.
