*Description:* The President's Council on Service and Civic Participation was created by Executive Order on January 30, 2003. The Council is administered by the Corporation for National and Community Service. Under the Executive Order the Council is directed to (among other things) design and recommend programs to recognize individuals, schools, and organizations that excel in their efforts to support volunteer service and civic participation, especially with respect to students in primary schools, secondary schools, and institutions of higher learning. The Council will bestow the President's Volunteer Service Award to meet this requirement. In order to recognize individuals, schools and organizations, the program must collect information about the individuals and organizations and their activities to verify that they have earned the award.

The information collected will be used by the Program primarily to select winners of the President's Volunteer Service Awards and the Call to Service Awards (4000 hours or more.) Individuals or organizations can be nominated by an organization or third party, or as an exception, self nominate. The nominations will be reviewed by the administering agency for compliance and awards will be made on that basis. Information also will be used to assure the integrity of the Program (so that, for example, an individual or organization does not receive an award twice for the same project), for reporting on the accomplishments of the Program, for the public awareness campaign (such as press releases and website information on winning projects), and to further the purposes of the Executive Order (such as fostering partnerships and coordination of projects and to promote civic engagement).

Therefore, the Corporation has requested OMB's emergency review and approval by August 15, 2003.

Dated: August 8, 2003.
