

that have not been submitted and reviewed by the Department.

Certification will not apply to buildings constructed by or for State or local government entities, which are subject to title II of the ADA. Nor does certification apply to accessibility requirements that are addressed by the Maryland law that are not addressed by the ADA Standards for Accessible Design.

Finally, certification does not apply to variances or waivers granted under the Maryland law. Therefore, if a builder receives a variance, waiver, modification, or other exemption from the requirements of the Maryland law for any element of construction or alterations, the certification determination will not constitute evidence of ADA compliance with respect to that element.

Procedure: The Department will review comments received from the public regarding the proposed determination and, during the 60-day comment period, will hold an informal hearing in Maryland to provide an opportunity for interested persons, including individuals with disabilities, to express their views with respect to the preliminary determination of equivalency of the Maryland law. Interested parties who wish to testify at the hearing should contact Linda Garrett at (202) 353-0423 TTY or by e-mail at Linda.Garrett@usdoj.gov.

The hearing site will be accessible to individuals with disabilities. Individuals who require sign language interpreters or other auxiliary aids should contact Linda Garrett at (202) 353-0423 TTY, or by e-mail at Linda.Garrett@usdoj.gov. A notice of at least four days before the hearing date would be greatly appreciated if individuals require sign language interpreters or other auxiliary aids.

Dated: August 8, 2003.
