FEDERAL COMMUNICATIONS COMMISSION

[CC Docket No. 98-67; DA 03-2629]

Sprint Petition for Declaratory Ruling Regarding TRS Access to 900 Pay-Per-Call Services Via 711

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: Sprint Corporation (Sprint) filed a Petition for Declaratory Ruling requesting that the Commission declare that Sprint's provision of 900 pay-per-call services to end users who access Sprint's relay centers by dialing 711 fully satisfies the requirement that such services be offered by relay providers. The Commission has found that the provision of pay-per-call service through TRS is technically feasible and required as a component of functional equivalency. Additionally, the Commission requires all telecommunications carriers nationwide to implement three-digit, 711, dialing access to all mandatory TRS services. Sprint's petition contends that pay-per-call services cannot be accessed via 711, because 711 uses a toll-free dialing sequence, and pay-per-call sequences cannot be accessed using a toll-free dialing sequence. Therefore, Sprint requests clarification that its provision of a special 900 number (which is provided without charge) in order to use TRS to place a 900 call satisfies the requirement that TRS providers offer such services.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

Privacy Act System of Records

AGENCY: Federal Communications Commission (FCC or Commission).

ACTION: Amendment to systems notice.

SUMMARY: Pursuant to subsection (e)(4) of the Privacy Act of 1974, as amended (5 U.S.C. 552a) the FCC is amending and republishing a systems of records notice for FCC/Central-2, "Employee Locator System." The amended notice addresses comments that were submitted by the Office of Management and Budget (OMB) following the initial publication of the altered system of records notice in the **Federal Register** on March 28, 2003, 68 FR 15188. OMB comments related to the purposes for maintaining the records in the system and to the retention and disposal of the records. In addition, the FCC is deleting all but the most comprehensive authority for maintaining the records in this system of records.

DATES: The amended system of records shall become effective on August 18, 2003. As required by subsection (r) of the *Privacy Act*, the FCC has submitted reports on this amended system of records to OMB and both Houses of Congress.

ADDRESSES: For further information, contact Les Smith, Performance Evaluation and Records Management (PERM), Room 1-A804, Federal Communications Commission, 445 12th Street, SW., Washington, DC 20554, (202) 418-0217 or via the Internet at Leslie.Smith@fcc.gov; or Michele Sutton, Director of Human Resources, Room 1-A100, Federal Communications Commission (FCC), 445 12th Street, SW., Washington, DC 20554, (202) 418-0137 or via the Internet at Michele.Sutton@fcc.gov.

SUPPLEMENTARY INFORMATION: As required by the *Privacy Act*, this document sets forth notice of the amendment of a system of records maintained by the FCC in response to comments received following the altered system's initial publication in the **Federal Register** on March 28, 2003, 68 FR 15188. This notice provides more detailed information about this amended system of records. The system

of records may be viewed at the location given in the **ADDRESSES** section above. The purposes for amending FCC/Central-2, "Employee Locator System" are to modify the authority under which this system is maintained; to add to the purposes for which the system is being maintained; and to clarify the retention and disposal procedure.

The FCC will achieve these purposes by amending this system of records, FCC/Central-2, "Employee Locator System," as follows:

Revise the authority under which this system is maintained, to reflect the FCC's determination that 44 U.S.C. 3101 is a more appropriate authority under which the FCC may maintain the records in this system of records;

Add to the purposes for which the records will be used, as suggested by OMB, to allow the FCC to contact an employee at home, or other designated location, to notify him/her when an emergency requires that he/she report/not report for duty; and

Clarify, consistent with OMB comment, that no records will be disposed of until FCC requests and receives records disposition authority from the National Archives and Records Administration (NARA). Upon approval of a records disposition request by NARA, the FCC will publish an amendment of this system of records notice in the **Federal Register**. In the interim, when an employee leaves the Commission, the FCC's Human Resources Management activity (AMD-HRM) will request NARA's approval to electronically erase the employee's records from the database.

The Human Resources Management activity (AMD-HRM) will use the records in FCC/Central-2, "Employee Locator System," (1) to identify the individual(s) to contact, should an emergency of a medical or other nature involving the Commission employee occur while the employee is on the job; and (2) to contact the employee at home or other location regarding work-related emergencies that require him/her to report/not report for duty. Initial collection and requested periodic updates of information in the system are voluntary.
