RIN 0551–AA66

Trade Adjustment Assistance for Farmers

AGENCY: Foreign Agricultural Service.

ACTION: Final rule.

SUMMARY: This final rule implements the Trade Act of 1974, as amended by the Trade Act of 2002 to establish a new program, Trade Adjustment Assistance (TAA) for Farmers. Under this program, the Department of Agriculture provides technical assistance and cash benefits to eligible producers of raw agricultural commodities when the Administrator, Foreign Agricultural Service (FAS), determines that increased imports have contributed importantly to a specific price decline over five preceding marketing years. The rule establishes the procedure by which producers of raw agricultural commodities can

petition for certification of eligibility and apply for technical assistance and adjustment payments.

EFFECTIVE DATE: August 20, 2003.

ADDRESSES: U.S. Department of Agriculture, Foreign Agricultural Service, Import Policies and Programs Division, 1400 Independence Avenue, SW., Stop 1021, Washington, DC 20250–1021.

SUPPLEMENTARY INFORMATION:**Executive Order 12866**

The rule has been determined to be significant under E.O. 12866 and has been reviewed by the Office of Management and Budget.

Regulatory Flexibility Act

The Regulatory Flexibility Act ensures that regulatory and information requirements are tailored to the size and nature of small businesses, small organizations, and small governmental jurisdictions. This rule will not have a significant economic impact on a substantial number of small farm operations. Participation in the program is voluntary. Direct and indirect costs are likely to be very small as a percentage of revenue and in terms of absolute costs. The minimal regulatory requirements impact large and small businesses equally, and the program's benefits should improve cash flow and liquidity for farmers participating in the program.

Executive Order 12988

This rule has been reviewed under Executive Order 12988. The provisions of this rule would not have preemptive effect with respect to any State or local laws, regulations, or policies which conflict with such provision or which otherwise impede their full implementation. The rule would not have retroactive effect. Before any judicial action may be brought regarding this rule, all administrative remedies must be exhausted.

National Environmental Policy Act

The Administrator has determined that this action will not have a significant effect on the quality of the human environment. Therefore, neither an Environmental Assessment nor an Environmental Impact Statement is necessary for this rule.

Executive Orders 12372, 13083 and 13084, and the Unfunded Mandates Reform Act (P. L. 104–4)

These Executive Orders and Public Law 104–4 require consultation with State and local officials and Indian tribal governments. This rule does not impose an unfunded mandate or any other requirement on State, local or tribal governments. Accordingly, these programs are not subject to the provisions of Executive Order 12372, Executive Order 13083, and Executive Order 13084, or the Unfunded Mandates Reform Act.

Executive Order 12630

This Order requires careful evaluation of governmental actions that interfere with constitutionally protected property rights. This rule would not interfere with any property rights and, therefore, does not need to be evaluated on the basis of the criteria outlined in Executive Order 12630.

Background

The Trade Act of 2002 (P.L. 107–210) amended the Trade Act of 1974 (19 U.S.C. 2551, *et seq.*) to add a new chapter 6, which establishes a program of trade adjustment assistance for farmers, providing both technical assistance and cash benefits to producers. The statute authorizes an appropriation of not more than \$90 million for each fiscal year 2003 through 2007 to carry out the program.

Under this rule, a group of agricultural commodity producers may petition the Administrator of the Foreign Agricultural Service (FAS) for trade adjustment assistance from mid-August through the end of January. FAS will first review the petition for appropriateness, completeness, and timeliness, before publishing a notice in the **Federal Register** that it has been received. The Economic Research Service (ERS) will then conduct a market study to verify the decline in producer prices, and to assess possible causes, taking due account of any special factors which may have affected prices of the articles concerned, including imports, exports, production, changes in consumer preferences, weather conditions, diseases, and other relevant issues. ERS will report its findings to the FAS Administrator, who will then determine whether or not the group is eligible for trade adjustment assistance. If the national average price in the most recent marketing year for the commodity produced by the group is equal to or less than 80 percent of the average of the national average prices in the preceding 5 marketing years and

that increases in imports of that commodity contributed importantly to the decline in price, the Administrator will certify the group as eligible for trade adjustment assistance.

Upon certification, producers have 90 days to contact the Farm Service Agency (FSA) to apply for assistance. As soon as they apply, they are eligible to receive at no cost a technical assistance package specifically tailored to their needs by the Extension Service. Depending on the commodity and the region, the Extension Service package may include technical publications in print or on-line, group seminars and presentations, and one-on-one meetings. Producers, who receive the technical assistance and also satisfy personal and farm income limits, are eligible for TAA payments. If the funding authorized by Congress is insufficient to pay 100 percent of all TAA claims during the fiscal year, payments will be prorated and issued after June 15, the last possible date for producers to file a TAA application.

Producers may receive adjustment assistance in subsequent years. The Administrator will review and re-certify a petition for a subsequent qualifying year if prices remain at or below the same 80 percent threshold as the initial year of adjustment assistance, and if imports continue to increase and contribute importantly to the decline in prices.

Discussion of Comments

The Foreign Agricultural Service received 76 comments on the proposed rule. The comments focused on the following areas:

Inclusion of Aquaculture in the Program

The inclusion of aquaculture under TAA generated by far the most public comments, all of which were favorable. In fact, 47 respondents supported extending TAA coverage to fishermen of wild Alaska salmon, who face stiff competition from imported farm-raised salmon. Five more respondents proposed covering all fishermen. The rule covers aquaculture, which is defined to include products propagated and raised in controlled environments for the purpose of human consumption, and it covers fishermen whose catch is adversely affected by imported aquaculture products. FAS decided that inclusion of all fishermen under TAA for Farmers would be incompatible with section 143 of the Trade Act of 2002, which directs the Secretary of Commerce to conduct a study and report to Congress regarding whether a trade adjustment assistance program is appropriate and feasible for fishermen.

The Definition of Like or Directly Competitive Articles

Ten respondents favored a less restrictive definition that would recognize imports of some processed and semi-processed articles as directly competitive with the agricultural commodities they produced. The final rule leaves the definition of articles like or directly competitive unchanged. Petitioners, who believe that the definition in the rule is too limiting, may request a public hearing to present evidence supporting their case under § 1580.202. The rule allows the Administrator to evaluate the information provided in the hearing and other information submitted in writing and to amend the terms of the original petition, if warranted.

Impacted Areas

Five respondents supported this provision in the proposed rule allowing producers from impacted areas to file petitions; none opposed. They saw this option as potentially useful to regional producers who might be adversely affected by import competition, while producers nationally might be less affected.

Certification of a Decline in Net Farm Income

Three respondents expressed concern that producers managing diversified farms might not qualify for adjustment assistance payments due to higher earnings from sales of other commodities. The purpose of TAA is to assist producers to adjust to imports by providing technical assistance to all and cash payments to those facing economic hardship. The final rule leaves unchanged the requirement that producers certify to a decline in net farm income, as reported on Internal Revenue Service Schedule F (Form 1040) and Form 4835, in order to receive a cash payment. However, the final rule does exclude TAA payments from being considered part of net farm income in subsequent qualifying years. Otherwise, TAA payments might be the cause for excluding producers from receiving the full benefits of the program.

Window for Receiving Petitions

Two respondents questioned the use of a window for filing petitions. TAA is intended to provide rapid relief to producers. However, funding is limited to \$90 million per fiscal year, which must be prorated among all eligible producers whenever claims exceed this amount, a very real possibility. Waiting until the close of the fiscal year to prorate is inconsistent with providing

rapid relief. The rule therefore seeks middle ground between the intent of the legislation, on the one hand, and the requirement to prorate payments, on the other, by creating a window for filing petitions. The window concentrates the approval of petitions within the first half of the fiscal year. Closing the filing period at the end of January means that all petitions will be determined by mid-March and all applications for TAA benefits will be received by mid-June. The first prorated payments can be made shortly thereafter coincident with the issuance of any final counter-cyclical payments also made to the producer by the Commodity Credit Corporation. Because the total of TAA benefits and counter-cyclical payments are limited to \$65,000 in each fiscal year, issuing TAA benefits at this time will facilitate the application of this payment limitation.

Classes of Agricultural Commodities

One respondent raised the point that the rule does not address classes of goods within a commodity as discussed in section 292(c) of the Trade Act of 1974. The rationale for mentioning classes of commodities the Trade Act is to permit producers to take full advantage of the program by allowing them to define their crop more narrowly than might otherwise be permitted. To that end, the rule requires producers to identify their commodity by its *Harmonized Tariff Schedule of the United States* (HTS) number. This not only facilitates the unambiguous collection of official import data for the commodity, but it also accommodates the major commodity classes, which are often separately identified in the HTS.

§ 1580.101 General statement.

This part provides regulations for the Trade Adjustment Assistance for Farmers program. Under these provisions, producers of agricultural commodities may petition the Department of Agriculture for eligibility to apply for trade adjustment assistance based on criteria set forth in the Trade Act of 1974, as amended by the Trade Act of 2002 (19 U.S.C. 2251, *et seq.*). If the Administrator determines that the national average price for a commodity is less than 80 percent of the preceding 5-year average and that an increase in imports has contributed importantly to the decline in commodity prices, the producers may apply for technical assistance and cash benefits under the program.

§ 1580.102 Definitions.

Net fishing income means net profit or loss, excluding payments under this part, reported on Internal Revenue Service Schedules C or C-EZ (Form 1040) for individuals or taxable income, excluding payments under this part, reported on Form 1120 for corporations during the tax year that most closely corresponds with the marketing year under consideration.

Person means an individual, partnership, joint stock owner, corporation, association, trust, estate, or any other legal entity as defined in 7 CFR 1400.3.

Pre-adjustment year means the tax year previous to that associated with the most recent marketing year in the initial producer petition.

§ 1580.201 Petitions for trade adjustment assistance.

(a) A group of agricultural commodity producers or qualified fishermen in the United States or their authorized representative may file a petition for trade adjustment assistance.

(b) Filings may be written or electronic, as provided for by the Administrator, and submitted to FAS from August 15 through January 31. Petitions received after January 31 will be returned to the sender. If January 31 falls on a weekend, the petition will be accepted the next business day.

(c) Petitions shall include the following information.

(1) Name, business address, phone number, and email address (if available) of each producer in the group, or their authorized representative. A petition filed by a group shall identify a contact person for the group.

(2) The agricultural commodity and its Harmonized Tariff Schedule of the United States (HTS) number.

(3) The production area represented by the group or its authorized representative. The petitioners shall indicate if they are filing on behalf of all producers in the United States, or if they are filing solely on behalf of all producers in a specifically identified impacted area. In the latter case, at least one member of the group must reside in each State within the impacted area, or the authorized representative must have members residing in each State within the impacted area.

(4) The beginning and ending dates for the marketing year during which domestic prices were affected by imports. A petition may be filed for only the most recent marketing year for which national average prices are available.

(5) A justification statement explaining why the petitioners should be considered eligible for adjustment assistance.

(6) Price data supporting the petition.

(i) If the petition is filed on behalf of all producers of the agricultural commodity in the United States, the Administrator shall use national average prices compiled by the National Agricultural Statistics Service (NASS), whenever possible. If NASS has not compiled price data for the commodity, the petitioners shall provide national average prices for the marketing year under review and for the previous five marketing years, and identify the source of the price series.

(ii) If the petition is filed on behalf of producers in a specifically identified impacted area, the petitioners shall provide national average prices for the impacted area for the marketing year under review and for the previous five marketing years, and identify the source of the price series.

(iii) The Administrator may request petitioners to provide records to support their national average price data.

(d) Once the petition is received, the Administrator shall determine if it meets the requirements of § 1580.201(c), and if so, publish notice in the **Federal Register** that a petition has been filed and that an investigation has begun. The notice shall identify the agricultural commodity, including any like or directly competitive commodities, the marketing year being investigated, the price series being used, and the production area covered by the petition. The notice may also announce the scheduling of a public hearing, if requested by the petitioners. If the petition does not meet the requirements of § 1580.201(c), the Administrator shall notify as soon as possible the contact person for the group or the authorized representative of the deficiencies.

§ 1580.202 Hearings, petition reviews, and amendments.

(a) If the petitioner, or any other person(s) found by the Administrator to have a substantial interest in the proceedings, submits not later than 10 days after the filing date a request in writing for a hearing, the Administrator shall provide for a public hearing and afford such interested person an opportunity to be present, to produce evidence, and to be heard.

(b) If the petitioner, or any other person(s) having an interest in the proceedings takes issue with any of the information published in the **Federal Register** concerning the petition, they may submit to the Administrator their comments in writing or electronically for consideration by the Administrator not later than 10 days after the filing date.

(c) A producer residing outside the impacted area identified in a petition may file to become a party to the petition by fulfilling the requirements of § 1580.201(c) within 10 days of the filing date. The Administrator may amend the original petition to expand the impacted area and include the additional filer, or consider it a separate filing.

(d) The Administrator shall publish in the **Federal Register** as soon as possible any changes to the original notice resulting from any actions taken under this section.

§ 1580.203 Determination of eligibility and certification by the Administrator.

(a) As soon as practicable after the filing date, but in any event not later than 40 days after that date, the Administrator shall determine whether the petitioners satisfy the following conditions for adjustment assistance.

(1) The national average price for the agricultural commodity for the marketing year under review is equal to or less than 80 percent of the average of the national average prices for the 5 marketing years preceding the most recent marketing year, and

(2) Increases in imports of articles like or directly competitive with the agricultural commodity contributed importantly to the decline in price described in paragraph (a)(1) of this section.

(b) If the Administrator determines that the above conditions have been satisfied, the producers covered by the petition shall be certified as eligible for adjustment assistance.

(c) Upon making a determination, whether affirmative or negative, the Administrator shall promptly publish in the **Federal Register** a summary of the

determination, together with the reasons for making the determination.

(d) In addition, the Administrator shall notify producers covered by a certification how to apply for adjustment assistance. Notification methods may include direct mailings to known producers, messages to directly affected producer groups and organizations, electronic communications, internet web site notices, and use of broadcast and print media.

(e) Whenever a group of agricultural producers is certified as eligible for assistance, the Administrator shall use the occasion to notify and inform other producers about the Trade Adjustment Assistance Program and how they may petition for adjustment assistance.

§ 1580.301 Application for trade adjustment assistance.

(a) Only producers covered by a certification of eligibility may apply for adjustment assistance. Producers may request advice from FSA regarding the preparation and submission of their applications.

(b) An eligible producer may submit an application for adjustment assistance by submitting to FSA a designated application form at any time after the certification date but not later than 90 days after the certification date. If the 90-day application period ends on a weekend or legal holiday, the producer may apply the following business day.

(c) When submitting an application, the producer shall provide documentation to support the amount of production reported to FSA for the most recent marketing year.

(d) Upon submitting their application, producers shall be immediately eligible to request trade adjustment technical assistance from the Extension Service at no cost.

(e) Producers able to furnish their applications with all the following certifications shall be eligible for adjustment assistance payments:

(1) Certification that technical assistance from the Extension Service under § 1580.302 has been received.

(2) Certification that cash benefits have not been received under any of the provisions of the Trade Act of 1974, as amended, other than those permitted under this part.

(3) Certification that adjustment assistance payments have not exceeded the \$10,000 limitation for the Federal fiscal year.

(4) Certification that net farm or fishing income for the most recent tax year was less than that during the producer's pre-adjustment year.

(5) Certification that their average adjusted gross income, as determined in

accordance with 7 CFR 1400.601, for the 3 preceding tax years does not exceed \$2,500,000.

(6) To comply with certifications in (e)(4) and (e)(5) of this section, an applicant shall provide either—

(i) Supporting documentation from a certified public accountant or attorney, or

(ii) Relevant documentation and other supporting financial data, such as financial statements, balance sheets, and reports prepared for or provided to the Internal Revenue Service or another U.S. Government agency.

(f) Persons legally authorized to execute program documents for estates or trusts will be accepted only if such person furnishes evidence of the authority to execute such documents.

§ 1580.302 Technical assistance and services.

(a) Any producer of an agricultural commodity covered by a certification of eligibility may apply for and receive information and technical assistance from the Extension Service that will assist in adjusting to import competition and be at no cost to the producer.

(b) To qualify for technical assistance, producers shall apply under § 1580.301.

(c) Producers shall have an opportunity to meet at least once with an Extension Service employee within 180 days of petition certification to receive information regarding the feasibility and desirability of substituting one or more alternative commodities for the adversely affected agricultural commodity and to receive technical assistance that will improve the competitiveness of the production and marketing of the adversely affected agricultural commodity by the producer, including yield and marketing improvements. The Extension Service shall provide to producers written confirmation of all technical assistance meetings. Producers shall also have access to technical information provided in writing and electronically.

(d) Producers shall also be provided information concerning procedures for applying for and receiving other Federal assistance and services available to workers facing economic distress.

(e) Producers shall be entitled to employment services and training benefits under trade adjustment assistance for workers managed by the U.S. Department of Labor.

§ 1580.303 Adjustment assistance payments.

(a) Applicants shall satisfy by September 30 all conditions of § 1580.301 to qualify for adjustment assistance payments.

(b) The FSA office shall issue a payment to a producer that is equal to the product of the amount of the agricultural commodity produced in the most recent marketing year multiplied by one-half the difference between—

(1) An amount equal to 80 percent of the average of the national average prices of the agricultural commodity covered by the petition for the 5 marketing years preceding the most recent marketing year, and

(2) The national average price of the agricultural commodity for the most recent marketing year.

(c) The maximum amount of payments under this part that a person may receive during the Federal fiscal year shall not exceed \$10,000.

(d) The total amount of payments made under this part to a person during any fiscal year when considered with the total amount of counter-cyclical payments made in accordance with part 1412 of this title for a corresponding crop year shall not exceed \$65,000 per fiscal year, as determined by the Administrator.

(e) Any person who may be entitled to a payment may assign their rights to such payment in accordance with 7 CFR part 1404 or successor regulations as designated by the Department.

(f) In the case of death, incompetency, disappearance or dissolution of a person that is eligible to receive benefits in accordance with this part, such person or persons specified in 7 CFR part 707 may receive such benefits, as determined appropriate by FSA.

(g) If the Administrator, FAS, determines in September that program funds may be insufficient to meet the requirements for adjustment assistance payments under this part during the coming fiscal year, FSA may delay making adjustment payments in order to prorate amounts owed producers.

(h) FSA shall not make adjustment assistance payments to producers who have not met at least once with an Extension Service employee to receive technical assistance.

§ 1580.401 Subsequent qualifying year eligibility.

(a) Prior to the anniversary of a certification date,

(1) groups and authorized representatives that provided national average prices to justify their initial certifications shall provide the Administrator national average prices for the most recent marketing year, and

(2) the Administrator shall determine whether or not—

(i) The national average price for the agricultural commodity produced by the group for the most recent marketing year

is equal to or less than 80 percent of the average of national average prices for the 5 marketing years used to make the first certification under § 1580.203(a)(1), and

(ii) Further increases in imports are contributing importantly to the decline in price.

(b) The Administrator shall promptly publish in the **Federal Register** the determination with supporting justification statement.

(c) In the case of a re-certification, FSA shall notify producers that they may be eligible to receive trade adjustment assistance for a subsequent qualifying year.

(d) To qualify for assistance in subsequent qualifying years, producers shall—

(1) Submit an application pursuant to § 1580.301, and

(2) Contact the Extension Service for technical adjustment assistance.

(e) The amount of an adjustment assistance payment during a qualifying year shall be determined in the same manner as in the originating year, except that the average national price shall be determined by using the 5-marketing-year period used to determine the amount of cash benefits for the first certification.

(f) An eligible producer who did not apply for adjustment assistance in the initial year may apply pursuant to § 1580.301.

§ 1580.501 Administration.

(a) The application process will be administered under the general supervision of the Administrator, FSA, and shall be carried out in the field by State and county FSA committees.

(b) State and county FSA committees and representatives do not have the authority to modify or waive any of the provisions of this part.

(c) The State FSA committee shall take any action required by this part that has not been taken by a county FSA committee. The State FSA committee shall also:

(1) Correct or require a county FSA committee to correct any action taken by such county FSA committee that is not in accordance with this part; and

(2) Require a county FSA committee to withhold taking or reversing any action that is not in accordance with this part.

(d) No delegation in this part to a State or county FSA committee shall prevent the Deputy Administrator from determining any question arising under the program or from reversing or modifying any determination made by a State or county FSA committee.

(e) The Administrator, FAS, may, by timely and appropriate public

notification, modify non-statutory opening dates and deadlines for submitting petitions.

(f) The Deputy Administrator may, in consultation with the Administrator, FAS, authorize the State and county committees to waive or modify non-statutory application deadlines or other program requirements in cases where lateness or failure to meet such other requirements by applicants does not adversely affect the operation of the program.

§ 1580.502 Maintenance of records, audits and compliance.

(a) Persons making application for benefits under this program must maintain accurate records and accounts that will document that they meet all eligibility requirements specified herein, as may be requested by FSA. Such records and accounts must be retained for 2 years after the date of the final payment to the producer under this program.

(b) At all times during regular business hours, authorized representatives of FSA, the United States Department of Agriculture, or the Comptroller General of the United States shall have access to the premises of the producer in order to inspect, examine, and make copies of the books, records, and accounts, and other written data as specified in paragraph (a) of this section.

(c) Audits of certifications of average adjusted gross income may be conducted as necessary to determine compliance with the requirements of this subpart. As a part of this audit, income tax forms may be requested and if requested, must be supplied. If a producer has submitted information to FSA, including a certification from a certified public accountant or attorney, that relied upon information from a form previously filed with the Internal Revenue Service, such producer shall provide FSA a copy of any amended form filed with the Internal Revenue Service with 30 days of the filing.

(d) If requested in writing by the United States Department of Agriculture or the Comptroller General of the United States, the producer shall provide all information and documentation the reviewing authority determines necessary to verify any information or certification provided under this subpart, including all documents referred to in § 1580.301(c), within 30 days. Acceptable production documentation may be submitted by facsimile, in person, or by mail and may include copies of receipts, ledgers, income statements, deposit slips, register tapes, invoices for custom

harvesting, records to verify production costs, contemporaneous measurements, truck scale tickets, fish tickets, landing reports, and contemporaneous diaries that are determined acceptable by the county committee. Failure to provide necessary and accurate information to verify compliance, or failure to comply with this subpart's requirements, will result in ineligibility for all program benefits subject to this subpart for the year or years subject to the request.

§ 1580.503 Debarment and suspension.

The Government-wide Debarment and Suspension (Nonprocurement) regulations and Government Requirements for Drug-Free Workplace (Grants), 7 CFR part 3017—subparts A through E, apply to this part.

§ 1580.504 Fraud and recovery of overpayments.

(a) If the Administrator, FSA, or a court of competent jurisdiction, determines that any person has received any payment under this program to which the person was not entitled, such person will be liable to repay such amount to the Administrator, FSA. The Administrator, FSA, may waive such repayment if it is determined that:

- (1) The payment was made without fault on the part of the person; and
- (2) Requiring such repayment would be contrary to equity and good conscience.

(b) Unless an overpayment is otherwise recovered, or waived under paragraph (a), the Administrator, FSA, shall recover the overpayment by deductions from any sums payable to such person.

(c) If the Administrator, FSA, or a court of competent jurisdiction, determines that a person:

- (1) Knowingly has made, or caused another to make, a false statement or representation of a material fact, or
- (2) Knowingly has failed, or caused another to fail, to disclose a material fact, and, as a result of such false statement or representation, or of such nondisclosure, such person has received any payment under this program to which the person was not entitled, such person shall, in addition to any other penalty provided by law, be ineligible for any further payment under this program.

(d) Except for overpayments determined by a court of competent jurisdiction, no repayment may be required, and no deduction may be made, under this section until a determination and an opportunity for a fair hearing has been given to the person concerned, and the determination has become final.

(e) Whoever makes a false statement of a material fact knowing it to be false, or knowingly fails to disclose a material fact, for the purpose of obtaining or increasing for himself or for any other person any payments authorized to be furnished under this program shall be fined not more than \$10,000 or imprisoned for not more than 1 year, or both.
