Food and Drug Administration

[Docket No. 1999D-4577]

Guidance for Industry: Application of Current Statutory Authority to Nucleic Acid Testing of Pooled Plasma; Withdrawal of Draft Guidance

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice; withdrawal.

SUMMARY: The Food and Drug Administration (FDA) is announcing the withdrawal of a draft guidance entitled "Guidance for Industry: Application of Current Statutory Authority to Nucleic Acid Testing of Pooled Plasma" dated November 1999, that was announced in the **Federal Register** on November 26, 1999. In the draft guidance, FDA sought public comment on the development and implementation of nucleic acid testing (NAT) for infectious diseases.

DATES: Effective September 22, 2003.

FOR FURTHER INFORMATION CONTACT: Astrid L. Szeto, Center for Biologics Evaluation and Research (HFM-17), Food and Drug Administration, 1401 Rockville Pike, Rockville, MD 20852-1448, 301-827-6210.

SUPPLEMENTARY INFORMATION: In a notice published in the **Federal Register** of November 26, 1999 (64 FR 66481), FDA announced the availability of a draft guidance entitled "Guidance for Industry: Application of Current Statutory Authority to Nucleic Acid Testing of Pooled Plasma" dated November 1999. This draft guidance responded to industry's request for guidance in the development and implementation of NAT of pooled plasma in further improving the safety

of the nation's blood products. No NAT test kit manufacturers were licensed at that time. A number of manufacturers have subsequently been licensed for NAT, making the request for guidance in the development of NAT testing of pooled plasma for infectious agents now moot. This draft guidance is therefore being withdrawn as of September 22, 2003, because it is obsolete.

Dated: August 14, 2003.

William K. Hubbard,

Associate Commissioner for Policy and Planning.

Bureau of Land Management

[WY920-1430FM, WYW148816]

Notice of availability of a Final Environmental Impact Statement on the Proposed Pittsburg and Midway Coal Mining Company Coal Exchange

AGENCY: Bureau of Land Management, Interior. Cooperating Agencies—Forest

Service, Agriculture; Office of Surface Mining, Interior.

ACTION: Notice of Availability of a Final Environmental Impact Statement (FEIS) on the proposed Pittsburg and Midway Coal Mining Company Coal Exchange; Lincoln, Carbon, and Sheridan Counties, Wyoming.

SUMMARY: Under the National Environmental Policy Act (NEPA), the Federal Policy and Management Act of 1976 (FLPMA) and associated regulations, the Bureau of Land Management (BLM) announces the availability of a FEIS that evaluates, analyzes, and discloses to the public direct, indirect, and cumulative environmental impacts of a proposed land-for-coal exchange between the Pittsburg and Midway (P&M) Coal Mining Company, the USDA Forest Service Bridger-Teton National Forest, and the Wyoming BLM, (Serial Number WYW148816).

The FEIS analyzes a proposal made by P&M to exchange approximately 5,859 acres of privately owned surface and coal resources for an amount of Federal coal of approximately equal value underlying privately owned lands. For all, or some portion, of an estimated 107 million tons of Federal coal in Sheridan County, Wyoming, P&M would exchange to the United States private land and mineral resources in Lincoln, Carbon, and Sheridan Counties, Wyoming. The USDA Forest Service and the Office of Surface Mining are cooperating agencies.

DATES: Comments on the FEIS will be accepted for 30 days following the date that the Environmental Protection Agency (EPA) publishes their notice of availability of the FEIS in the **Federal Register**. The BLM asks that those submitting comments on the FEIS make them as specific as possible with reference to page numbers and chapters of the document. Comments that contain only opinions, or preferences, will not receive a formal response, however, they will be considered, and included, as part of the BLM decision-making process. Comments, including names and street addresses of respondents, will be available for public review at the Bureau of Land Management, Casper Field Office, 2987 Prospector Drive, Casper, Wyoming, during regular business hours (8 a.m. to 4:30 p.m.), Monday through Friday, except holidays, and may be published as part of the Final EIS.

ADDRESSES: Please address questions, comments, or requests for copies of the FEIS to the Casper Field Office, Bureau of Land Management, Attn: Nancy

FOR FURTHER INFORMATION CONTACT: Nancy Doelger or Mike Karbs at the above Casper Field Office address, or telephone: (307) 261-7600.

SUPPLEMENTARY INFORMATION: The FEIS analyzes a proposal by P&M to exchange privately owned land and some mineral resources for Federal coal. The proposed exchange includes the surface and mineral estate on the parcels that would become Federal estate administered by the USDA Forest Service, Bridger-Teton National Forest (BTNF), (2,447.88 acres); and on 638.37 acres to be administered by BLM and adjacent to the BTNF. BLM would acquire 2,772.25 acres of surface to be administered in the Rawlins and Buffalo Field Offices and 807.69 acres of coal to be administered by the Buffalo Field Office.
