

DATES: An emergency review has been requested in accordance with the Act (44 U.S.C. Chapter 3507 (j)), since public harm is reasonably likely to result if normal clearance procedures are followed. Approval by the Office of Management and Budget (OMB) has been requested by September 22, 2003. Interested persons are invited to submit comments on or before September 24, 2003.

ADDRESSES: Written comments regarding the emergency review should be addressed to the Office of Information and Regulatory Affairs, Attention: Lauren Wittenberg, Desk Officer: Department of Education, Office of Management and Budget, 725 17th Street, NW., Room 10235, New Executive Office Building, Washington, DC 20503 or should be electronically mailed to the Internet address Lauren_Wittenberg@omb.eop.gov.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Director of OMB provide interested Federal agencies and the public an early opportunity to comment on information collection requests. The Office of Management and Budget (OMB) may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes this notice containing proposed information collection requests at the beginning of the Departmental review of the information collection. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. ED invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be

collected; and (5) how might the Department minimize the burden of this collection on respondents, including through the use of information technology.

Dated: August 19, 2003.

Angela C. Arrington,

Leader, Regulatory Information Management Group, Office of the Chief Information Officer.

Office of the Deputy Secretary

Type of Review: New.

Title: Performance Based Data Management Initiative.

Abstract: The Performance Based Data Management Initiative (PBDMI) is in the first phase of a multiple year effort to consolidate the collection of education information about States, Districts, and Schools in a way that improves data quality and reduces paperwork burden for all the national education partners.

Additional Information: The Department is requesting emergency processing of this collection with an OMB approval date of September 22. The Department has spent over four months of internal review of these data elements with federal program managers and analysts and has visited each of the State Education Agencies that will be submitting this data to determine the availability of the data and the amount of effort required to provide this data to the Department. With such an intensive and thorough review of the data elements by the participating partners in this collection, it has been determined that the purpose for the initial sixty day public comment to ED has been fulfilled. It is also important to provide the State Agencies with as much lead time as possible for the development of their data transmission plans so they will be able to provide this data in November 2003.

Frequency: Annually.

Affected Public: State, local or Tribal Gov't, SEAs or LEAs.

Reporting and Recordkeeping Hour Burden:

Notice of Availability: Draft Watershed-Based National Pollutant Discharge Elimination System (NPDES) Permitting Implementation Guidance

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces that the U.S. Environmental Protection Agency is publishing Draft Guidance On Watershed-Based National Pollutant Discharge Elimination System (NPDES) Permitting Implementation. EPA is making the draft guidance available to the public for a period of thirty days during which EPA seeks comments on the document. The purpose of this guidance is to describe the concept of and the process for watershed-based permitting under the NPDES permit program. Watershed-based NPDES permitting is an approach to developing NPDES permits for multiple point sources located within a defined geographic area (*i.e.*, watershed boundaries). This approach, aimed at achieving new efficiencies and environmental results, provides a process for considering all stressors within a hydrologically defined drainage basin or other geographic area, rather than addressing individual pollutant sources on a discharge-by-discharge basis. As outlined in the guidance, EPA will continue to implement the NPDES program through its existing statutory and regulatory authorities. The guidance cannot impose legally binding requirements on EPA, States, Tribes, or the regulated community. It cannot substitute for Clean Water Act (CWA) requirements, EPA's regulations, or the obligations imposed by consent decrees or enforcement orders.

DATES: All public comments on the draft guidance must be received on or before September 24, 2003.

ADDRESSES: Comments should be addressed to Patrick Bradley, U.S. Environmental Protection Agency, EPA East Building (MC 4203M), 1200
