Regulations Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385 § 2201(b), of the receipt of exempt and prohibited off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive an exempt or prohibited off-the-record communication relevant to the merit of a contested on-the-record proceeding, to deliver a copy of the communication, if written, or a summary of the substance of any oral communication, to the Secretary.

Prohibited communications will be included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications will be included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of prohibited and exempt communications recently received in the Office of the Secretary. The communications listed are grouped by docket numbers. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission’s Web site at http://www.ferc.gov using the eLibrary (FERRIS) link. Enter the docket number excluding the last three digits in the docket number field to access the document. ENVIRONMENTAL PROTECTION AGENCY

[FRL–7551–1]

Proposed Stipulation of Settlement
Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed stipulation of settlement; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended (“Act”), 42 U.S.C. 7413(g), notice is hereby given of a proposed stipulation of settlement to address a lawsuit filed by the New York Public Interest Research Group, Inc. (NYPIRG) in the United States District Court for the Southern District of New York. The lawsuit was filed pursuant to section 304(a) of the Act, 42 U.S.C. 705(a) and alleges that the Administrator failed to meet a mandatory sixty day deadline under section 505(b)(2) of the Act, 42 U.S.C. 7661d(b)(2), for granting or denying petitions seeking the Agency’s objection to two Clean Air Act Title V operating permits issued by the New York State Department of Environmental Conservation (DEC). In addition, NYPIRG petitioned the Administrator seeking the Agency’s objection to twelve other operating permits issued by the DEC. These fourteen petitions are addressed by the proposed stipulation of settlement, which establishes a schedule for the Administrator to respond to these petitions.
