

effects on the visual quality of the area, and social/economic impacts. Because of the very limited impacts to NFS lands, the current proposal minimizes the issues of wildlife habitat, extraction impacts and visual quality, and eliminates the issue of the use of toxic materials on NFS lands. Because of the change in the transportation route, the issue of potential spills on NFS lands is also minimized.

Permits or Licenses Required

Numerous permits and licenses are required for this project. A list of these can be requested at the contact address above.

Comment Requested

This notice of intent initiates the scoping process, which guides development of the SEIS. The Forest Service is seeking public and agency comment on the proposed action to determine if any additional issues arise which were not already addressed in the Crown Jewel Mine EIS. Additional issues may lead either to other alternatives, or additional mitigation measures and monitoring requirements.

Early Notice of Importance of Public Participation in Subsequent Environmental Review

A Draft SEIS will be prepared for comment. Copies will be distributed to interested and affected agencies, organizations, and members of the public for their review and comment. The comment period on the Draft SEIS will be 45 days from the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of a Draft SEIS must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the Draft SEIS stage but that are not raised until after the completion of the Final SEIS may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d. 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45 day comment period so that substantive

comments and objections are made available to the participating agencies at a time when it can meaningfully consider them and respond to them in the Final SEIS.

To assist the participating agencies in identifying and considering issues and concerns on the proposed action, comments on the Draft SEIS should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the Draft SEIS or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

In the Final SEIS, the participating agencies are required to respond to comments and responses received during the comment period that pertain to the environmental consequences discussed in the Draft SEIS and applicable laws, regulations, and policies considered in making a decision regarding the proposal.

Comments received including the names and addresses of those who comment, will be considered part of the public record on this proposal and will be available for public inspection.

The Forest Supervisor for the Okanogan and Wenatchee National Forest will be the responsible official for this SEIS and its Record of Decision. As the responsible official, the Forest Supervisor will document the decision and reasons for the decision in the Record of Decision. That decision will be subject to Forest Service Appeal Regulations (36 CFR part 215).

Dated: August 28, 2003.

Richard Emmick,

Engineering, Lands and Minerals Group Leader.

Notice of Resource Advisory Committee Meeting

AGENCY: Lassen Resource Advisory Committee, Susanville, California, USDA Forest Service.

ACTION: Notice of meeting.

SUMMARY: Pursuant to the authorities in the Federal Advisory Committees Act (Pub. L. 92-463) and under the Secure Rural Schools and Community Self-Determination Act of 2000 (Pub. L. 106-393) the Lassen National Forest's Lassen County Resource Advisory Committee will meet Thursday, September 11, 2003, in Susanville, California for a field trip and field business meeting. The meetings are open to the public.

SUPPLEMENTARY INFORMATION: The field trip departs the Lassen National Forest Headquarters Office, 2550 Riverside Drive, Susanville, CA 96130 at 8:15 a.m. and the field business meeting starts at 1 p.m. at Willow Creek Campground on the Modoc National Forest off Highway 139 on September 11, 2003. Agenda topics will include: Review previous meeting minutes and approve, RAC member/sub-committee reports, Additional funds remaining from projects, Timeframes to complete projects and set limits, Review November RAC Meeting Proposal and finalize, Review Monitoring Reports, Report on Chico Flat Field Trip, Proposed agenda for next meeting, and Depart for home. Time will also be set

aside for public comments at the end of the meeting.

FOR FURTHER INFORMATION CONTACT: Contact Robert Andrews, Eagle Lake District Ranger and Designated Federal Office, at (530) 257-4188; or RAC Coordinator, Heidi Perry, at (520) 252-6604.

Edward C. Cole,

Forest Supervisor.

Forest Inventory and Analysis Data Management

AGENCY: Forest Service, USDA.

ACTION: Notice of issuance of agency interim directive.

SUMMARY: The Forest Service Forest is issuing an interim directive (ID) to Forest Service Handbook (FSH) 4809.11, chapter 10, to guide Forest Inventory and Analysis employees in managing information in the Forest Inventory and Analysis Database (FIADB) in a manner consistent with the data privacy provisions of Section 1770 of the Food Security Act of 1985 (7 U.S.C. 2276). The FIADB contains detailed plot and tree level data with approximate plot coordinates that allow flexible spatial data analysis. The direction adopted in the ID allows for increased location accuracy of the data from within 1.0 mile to 0.5 for each Forest Inventory plot, while requiring data masking procedures to ensure data privacy as required by Section 1770 of the Food Security Act. This interim directive is issued as ID 4809.11-2003-1 to FSH 4809.11, chapter 10.

DATES: This interim directive is effective September 5, 2003.

ADDRESSES: This interim directive (ID 4809.11-2003-1) is available electronically from the Forest Service via the World Wide Web/Internet at <http://www.fs.fed.us/im/directives>. Additional information regarding data access guidelines may be directed to Richard Guldin, Science Policy, Planning, Information, and Inventory Staff—Forest Service, Mail Stop 1119, Washington, DC 20090-6090; by electronic mail to SPPII@fs.fed.us; or by fax to (703) 605-5131. Documents are also available for inspection in the office of Science Policy, Planning, Inventory and Information Staff at 1601 North Kent Street, Arlington, VA, Suite 4110, between regular business hours of 8:30

a.m. and 4:30 p.m. Monday through Friday. To facilitate entrance into the building, visitors are encouraged to call ahead (703-605-4177).

FOR FURTHER INFORMATION CONTACT: W. Brad Smith, Science Policy, Planning, Information and Inventory Staff by phone at (703) 605-4177 or by e-mail to bsmith2@fs.fed.us.

SUPPLEMENTARY INFORMATION: Through its research organization, the Forest Service conducts continuous State-wide inventories of the Nation's forest resources to ascertain trends in the extent, condition, ownership, quantity, and quality of the forest resources as required by the Forest and Rangeland Renewable Resources Research Act of 1978 (16 U.S.C. 1600, 1641-1648). This information is collected in the Forest Inventory and Analysis Database. Forest statistics and subsequent analyses are released as State, Regional, and National reports and are based on data collected at sample locations on all land ownerships across the United States. Access to Forest Inventory and Analysis (FIA) data is generally available to the public through direct electronic links within 6 months for standard plots and within 12 months for forest health plots after completion of the annual field data collection season for each State.

The direction adopted in the interim directive (ID) provides for increased accuracy of publicly available plot locations from plus or minus 1 mile, to plus or minus one-half mile. Due to the increased spatial precision of data locations, additional masking measures are now necessary to ensure data privacy required by the Food Security Act. In addition, the ID provides further guidance concerning agency objectives and policy for the FIA program; direction for the use of authorized agents; and procedures to follow when releasing FIA data and information.

Dated: August 29, 2003.

Robert Lewis, Jr.,

Deputy Chief, Research and Development.

BILLING CODE 3410-11-P

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Proposed Additions

AGENCY: Committee for Purchase from People Who Are Blind or Severely Disabled.

ACTION: Proposed additions to Procurement List.

SUMMARY: The Committee is proposing to add to the Procurement List products and services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

Comments Must Be Received On or Before: October 5, 2003.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Jefferson Plaza 2, Suite 10800, 1421 Jefferson Davis Highway, Arlington, Virginia 22202-3259.

FOR FURTHER INFORMATION CONTACT: Sheryl D. Kennerly, (703) 603-7740.

SUPPLEMENTARY INFORMATION: This notice is published pursuant to 41 U.S.C. 47(a)(2) and 41 CFR 51-2.3. Its purpose is to provide interested persons an opportunity to submit comments of the proposed actions. If the Committee approves the proposed additions, the entities of the Federal Government identified in the notice for each product or service will be required to procure the products and services listed below from nonprofit agencies employing persons who are blind or have other severe disabilities.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. If approved, the action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the products and services to the Government.

2. If approved, the action will result in authorizing small entities to furnish the products and services to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the products and services proposed for addition to the Procurement List. Comments on this certification are invited. Commenters should identify the statement(s) underlying the certification on which they are providing additional information.

End of Certification

The following products and services are proposed for addition to Procurement List for production by the nonprofit agencies listed:

Products

Product/NSN: C Shell CD Cases
