Proposed Project: Implementation of a Feedback Form for MCH Alert Subscribers—NEW

The MCH Alert is a free weekly electronic newsletter that provides timely reference to research findings, policy developments, recently released publications, and new programs and initiatives affecting the maternal and child health (MCH) community. The goal is to make MCH news and policy more accessible to health professionals, policymakers, family advocates, community service professionals, MCH/public health faculty and students, families, and the public. Each Friday, MCH Alert is electronically distributed to over 4,000 subscribers across the country. Visitors to the Web site can review archives of past issues, search for specific topics, link to reports and resources discussed, and find subscription information.

The overall goal of the Feedback Form is to determine whether the MCH Alert topics and format continue to meet subscriber needs. Specifically, the form will provide a means for assessing (1) the usefulness of the information and service and (2) the effectiveness of targeted outreach efforts.
