SUPPLEMENTARY INFORMATION: The Good Neighbor Environmental Board meets three times each calendar year at different locations along the U.S.-Mexico border. It was created by the Enterprise for the Americas Initiative Act of 1992. An Executive Order delegates implementing authority to the Administrator of EPA. The Board is responsible for providing advice to the U.S. President and Congress on environmental and infrastructure issues and needs within the States contiguous to Mexico in order to improve the quality of life of persons residing on the U.S. side of the border. The statute calls for the Board to have representatives from U.S. Government agencies; the governments of the States of Arizona, California, New Mexico and Texas; and private organizations with expertise on environmental and infrastructure problems along the southwest border. Board members typically contribute 10-15 hours per month to the Board's work. The Board membership position is voluntary; travel expenses are covered.

- Senior level-experience that fills a gap in Board representation, or brings a new and relevant dimension to its deliberations.

- Demonstrated ability to work in a consensus-building process with a wide

range of representatives from diverse constituencies.

- Willingness to serve a two-year term as an actively-contributing member, with possible re-appointment to a second term.

Nominees' qualifications will be assessed under the mandates of the Federal Advisory Committee Act, which requires Committees to maintain diversity across a broad range of constituencies, sectors, and groups. Nominations for membership must include a resume describing the professional and educational qualifications of the nominee as well as community-based experience. Contact details should include full name and title, business mailing address, telephone, fax, and e-mail address. A supporting letter of endorsement is encouraged but not required.

II. Background

The Committee to Advise on Reassessment and Transition (CARAT) was established in accordance with the Federal Advisory Committee Act to provide advice and counsel to the Administrator of EPA and the Secretary of Agriculture regarding strategic approaches for pest management planning and tolerance reassessment for pesticides as required by the Food Quality Protection Act of 1996 (FQPA).

Through CARAT, EPA and the USDA are working together to ensure smooth implementation of FQPA through use of sound science, consultation with stakeholders, increased transparency, and reasonable transition for agriculture. CARAT is composed of a balanced group of participants from the following sectors: Pesticide user, grower and commodity groups; industry and trade associations; food processors and distributors; environmental/public interest and farmworker groups; Federal, State and Tribal governments; public health organizations; and academia. The CARAT Work Group on Transition was established to identify barriers to the development and adoption by users of new, safer and effective pest management techniques and to formulate recommendations for Federal agency actions that, in partnership with the range of stakeholders, will reduce or eliminate these barriers.
