

mile radius of NALF Fentress between 1990 and 2000.

An OLF located at Site C in Washington County—an area of low population density with compatible surrounding land uses, minimal environmental impacts, and centrally located between MCAS Cherry Point and NAS Oceana—will give the Navy critical operational flexibility and enhanced responsiveness to meet emergent threats to national security and provide the greatest potential as a valuable training asset for current and future years.

ALT 6 maximizes the use of existing infrastructure at both NAS Oceana and MCAS Cherry Point, achieves economies of scale in support, maintenance, training, and personnel requirements, optimizes effective FCLP training, and reduces or minimizes environmental impacts at all affected locations. It provides the best solution for the Navy, the affected communities, and the taxpayer.

Assistant Secretary of the Navy (Installations and Environment).
