Title: LIHEAP Household Report.

OMB No.: 0970-0060.

Description: The report is an annual activity which is required by law of Low Income Home Energy Assistance Program (LIHEAP) grantees for receipt of federal LIHEAP block grant funds. States, the District of Columbia, and the Commonwealth of Puerto Rico are required to use the report's Long Format to provide statistics for the previous federal fiscal year on the number and income levels of LIHEAP applicant and assisted households, and the number of LIHEAP assisted households with at least one member who is elderly, disabled or a young child. Insular areas receiving less than \$200,000 annually in LIHEAP funds and Indian Tribal Grantees are required to use the report's Short Format to provide statistics for the previous fiscal year only on the number of households receiving heating, cooling, energy crisis, or weatherization benefits. The information is being collected for the Department's annual LIHEAP report to Congress. The data also provide information about the need for LIHEAP funds. Finally, the data are being used in the calculation of LIHEAP performance measures under the Government Performance and Results Act of 1993.

Submission for OMB Review; Comment Request

Title: Low Income Home Energy Assistance Program (LIHEAP) Leveraging Report.

OMB.: 0970-0121.

Description: The LIHEAP leveraging incentive program rewards LIHEAP grantees that have leveraged nonfederal home energy resources for low income households. The LIHEAP leveraging report is the application for leveraging incentive funds that these LIHEAP grantees submit to the Department of Health and Human Services (HHS) for each fiscal year in which they leverage countable resources. Participation in the leveraging incentive program is voluntary and is described at 45 CFR 96.87.

The LIHEAP leveraging report obtains information on the resources leveraged by LIHEAP grantees each fiscal year (as cash, discounts, waivers, and in-kind); the benefits provided to low income households by these resources (for example, as fuel and payments for fuel, as home heating and cooling equipment, and as weatherization materials and installation); and the fair market value of these resources/benefits. HHS needs this information in order to carry out statutory requirements for administering the LIHEAP leveraging incentive program, to determine countability and valuation of grantees' leveraged nonfederal home energy resources, and to determine grantees' shares of leveraging incentive funds. HHS proposes to request a 3-year extension of OMB approval for the currently approved LIHEAP leveraging report information collection.

Respondents: State, Local or Tribal Governments.
