Regulations Governing Off-the-Record Communications; Public Notice

September 5, 2003.

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of exempt and prohibited off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive an exempt or prohibited off-the-record communication relevant to the merit’s of a contested on-the-record proceeding, to deliver a copy of the communication, if written, or a summary of the substance of any oral communication, to the Secretary.

Prohibited communications will be included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record

communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications will be included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of prohibited and exempt communications recently received in the Office of the Secretary. The communications listed are grouped by docket numbers. Electronic Filing of Documents; Notice of New Release for Electronic Filing

September 5, 2003.

Take notice that on Wednesday, September 10, 2003, at 7 pm, the Commission will upgrade its Electronic Filing System to Version 5.0. The new release is a major rewrite of the existing

system and is now part of the Commission’s FERC Online suite of applications.

User names and passwords for the existing system are not valid in Version 5.0. Current and prospective users of the e-Filing System must create an account using the Commission’s eRegistration system, unless they have previously eRegistered. Document signers are also encouraged to eRegister. The instructions for creating an account, or editing an existing account so that it can be used for e-Filing, are attached to this notice. All eRegistrants will be able to logon to FERC Online using their e-mail address and password. The User Guide for Version 5.0 is also attached to this notice.

The functionality of Version 5.0 is similar to earlier versions, but there are modifications in the appearance and operation of the screens. Due to the magnitude of these changes, there are no new filing types for e-Filing in this release.

The e-Filing screens are consistent with the Commission’s new Web design template. The on-screen Help links are specific to each screen.

The number of unzipped files that may be submitted in one session has been increased from five files to ten files. The size limit for each file remains 10 Mb.

Finally, documents submitted via e-Filing are still limited to those in the public domain. Do not submit Privileged, Protected, Critical Energy

Infrastructure (CEII) or Non-Internet Public (NIP) information through the e-Filing system.

Questions about this notice may be directed to Brooks Carter at 202-502-8145, or by e-mail to brooks.carter@ferc.gov. If you need assistance using Version 5.0, e-mail FERCOnlineSupport@ferc.gov or call 1-866-208-3676 (toll free), 202-502-6652 (local).
