SUPPLEMENTARY INFORMATION: On July 18, 2003, the State of Alaska filed applications for recordable disclaimer of interest for lands underlying eight rivers and nine lakes, aggregating 400 miles in length. The State asserts the rivers and lakes listed below are navigable and under the Equal Footing Doctrine and Submerged Lands Act of 1953, ownership of these submerged lands automatically passed from the United States to the State at the time of statehood in 1959.

The applications are for lands underlying the Tazlina River and Tazlina Lake, Klutina River and Klutina Lake located in the Copper River region, Kvichak River and Lake Iliamna located in Southwest Alaska, and Wood River and the lake and river system, including Aleknagik, Nerka, Little Togiak, Beverley, Kulik, and Mikchalk Lakes, and interconnecting rivers including Wood, Agulowak, Agulukpak, Wind, and Peace Rivers. The Wood River and the lake and river system are located in the Wood-Tikchik State Park in Southwest Alaska. The State did not identify any known adverse claimant or occupant of the affected lands.

A final decision on the merits of the applications will not be made until December 15, 2003. During the 90-day period, interested parties may submit comments on the State's applications, BLM Serial Numbers AA-085086 (Tazlina River and Tazlina Lake), AA-085087 (Klutina River and Klutina Lake), AA-085088 (Kvichak River and Lake Iliamna), and AA-085089 (Wood River and Lakes System).

Comments, including names and street addresses of commenters, will be available for public review at the Alaska State Office (see address above), during regular business hours 7:30 a.m. to 4:30 p.m., Monday through Friday, except holidays. Individual respondents may request confidentiality. If you wish to hold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comments. Such requests will be honored to the extent allowed by law. All submissions from organizations or business will be made available for public inspection in their entirety.

ACTION: Notice of realty action.

SUMMARY: This notice terminates a portion of a Recreation and Public Purposes Act, classification on 40.00 acres, as this classification is no longer needed.

EFFECTIVE DATE: October 15, 2003.

FOR FURTHER INFORMATION CONTACT: Jim Andersen, BLM Phoenix Field Office, 21605 North 7th Avenue, Phoenix, Arizona 85027, 623-580-5500.

SUPPLEMENTARY INFORMATION: A decision was issued on May 22, 1996, which classified the following described public lands as suitable for entry under the Recreation and Public Purposes Act of June 14, 1926, as amended (43 U.S.C. 869 *et seq.*):

Gila and Salt River Meridian, Arizona

T. 14 N., R. 1 W.

Sec 28, NE $\frac{1}{4}$ NE $\frac{1}{4}$.

The Town of Prescott Valley (Town) applied for a lease on these public lands. On September 17, 2002 a decision was issued rejecting the application, because the Town had failed to provide the BLM with an adequate Plan of Development. The Town concurred with the decision because it did not have funding to go forward with the proposal. Federal regulations require that the classification on the lands be terminated and that the lands be once again opened to the public land laws.

The lands were segregated from location and entry under the general land laws, including the mining laws, subject to valid existing rights. Both the classification and the segregation are hereby terminated.

These lands will be opened to operation of the public land laws, including the mining laws, subject to valid existing rights, the provisions of existing withdrawals, other segregations of record and the requirements of applicable law October 15, 2003.
