Ameriphone, Inc., a Wholly Owned Subsidiary of Plantronics, Inc., Garden Grove, California; Notice of Revised Determination on Remand

The United States Court of International Trade (USCIT) granted the Secretary of Labor's motion for a voluntary remand for further investigation in *Former Employees of Ameriphone, Inc. v. U.S. Secretary of Labor* (Court No. 03-00243).

The Department's initial denial of NAFTA-Transitional Adjustment Assistance (NAFTA-6385) for the workers of Ameriphone, Inc., a wholly owned subsidiary of Plantronics, Inc., Garden Grove, California (hereafter "Ameriphone"), was issued on September 11, 2002 and published in the **Federal Register** on September 27, 2002 (67 FR 61160). The denial was based on the finding that the workers at the subject facility did not produce an article as required by section 250 of the Trade Act of 1974.

On March 10, 2003, the Department issued a Notice of Negative Determination Regarding Application for Reconsideration for NAFTA-6385 and published in the **Federal Register** on March 18, 2003 (68 Fed. Reg. 12938).

In the request for reconsideration, the petitioner alleged that the workers were engaged in the final phase of production (inspecting, testing and modifying products) as well as prototype design and production. In the reconsideration investigation, the Department found that the articulated functions constituted a negligible portion of the work performed at the subject facility and that the workers were, in fact, service providers.

On voluntary remand, the Department contacted the company and requested detailed information regarding the workers' functions at the subject facility. The newly obtained information revealed that workers at the subject facility were engaged in production. The new information also revealed that a significant portion of the production performed at the subject facility was shifted to Mexico impacting workers at the subject plant.

Conclusion

After careful review of the additional facts obtained on remand, I conclude that a shift of production to Mexico of products like or directly competitive with those produced at the subject firm

contributed importantly to the declines in sales or production and to the total or partial separation of workers of Ameriphone, Inc., Garden Grove, California. In accordance with the provisions of the Act, I make the following certification:

"All workers of Ameriphone, Inc., a wholly owned subsidiary of Plantronics, Inc., Garden Grove, California, who became totally or partially separated from employment on or after June 24, 2001 through two years of this certification, are eligible to apply for NAFTA-TAA under section 250 of the Trade Act of 1974."

Signed at Washington, DC this 18th day of August 2003.

The Boeing Company, Boeing Defense and Space Group, Commercial Airplane Group, now Known as Labinal-Corinth, Inc., Corinth, Texas; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued Amended Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on July 18, 2002, applicable to workers of The Boeing Company, Commercial Airplane Group, Corinth, Texas. The notice was published in the **Federal Register** on July 29, 2002 (67 FR 49039-49040).

At the request of a company official, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of large commercial aircraft and the components thereof.

New information shows that Labinal Snecma Group purchased Boeing—Corinth Company on June 6, 2003 and is now known as Labinal-Corinth, Inc. Some workers separated from employment at the subject firm had their wages reported under a separate unemployment insurance (UI) tax account for Labinal-Corinth, Inc.

Accordingly, the Department is amending this certification to properly reflect this matter.

The intent of the Department's certification is to include all workers of The Boeing Company, Boeing Defense and Space Group, Commercial Airplane Group who were adversely affected by increased imports.

The amended notice applicable to TA-W-40,525E is hereby issued as follows:

Carey Farmer Setnet Operation, Eagle River, AK; Notice of Termination of Investigation

Pursuant to section 221 of the Trade Act of 1974, as amended, an investigation was initiated on August 11, 2003 in response to a petition filed by a company official on behalf of workers of the Carey Farmer Set Net Operation, Eagle River, Alaska.

The investigation revealed that the subject firm did not separate or threaten to separate a significant number or proportion of workers as required by section 222 of the Trade Act of 1974. Significant number or proportion of the workers means that at least three workers in a firm with a workforce of fewer than 50 workers would have to be affected. Separations by the subject firm did not meet this threshold level; consequently the investigation has been terminated.

Signed at Washington, DC this 29th day of August, 2003.

Chevron Products Company, Roosevelt, Utah; Notice of Revised Determination On Reopening

The Department of Labor reopened the petition investigation for workers of the subject firm.

The TAA petition filed with the Department on behalf of workers of Chevron Products Company, Roosevelt, Utah, was initiated on February 4, 2000. The petition investigation concluded that the subject firm did not produce an article and therefore its workers were not eligible for certification. The negative determination was issued on February 17, 2000, and published in the **Federal Register** on March 17, 2000 (65 FR 12647).

However, the Department determines on reopening that because Chevron Products Company, Roosevelt, Utah is a wholly owned subsidiary of Chevron USA Production Company, the Department finds that the workers' firm is actually Chevron USA Production Company. The two firms constituted an integrated production process the final products of which are crude oil and natural gas. The Department, on July 6, 1999, issued a certification of eligibility for that inquiry and the inquiry into whether the workers qualify as secondary workers under the Statement of Administrative Action. Since the workers were a part of a firm which produces an article, crude oil and natural gas, under Labor's existing rules, the characterization of the workers as production or service workers becomes irrelevant because that distinction only arises in cases where the workers are employed by separate firms. Similarly, since the workers are part of the firm that produced the article, they cannot be
