Special Local Regulations for Marine Events; James River, Jamestown Beach to First Colony Beach, VA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing temporary special local regulations during the “James River Cancer Swim”, a marine event to be held September 21, 2003 on the waters of the James River, between Jamestown Beach and First Colony Beach, Virginia. These special local regulations are necessary to provide for the safety of life on navigable waters during the event. This action is intended to temporarily restrict vessel traffic in a portion of the James River between Jamestown Beach and First Colony Beach, Virginia during the event.

DATES: This rule is effective from 12:45 p.m. to 3:45 p.m. on September 21, 2003.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of docket CGD05-03-129 and are available for inspection or copying at Commander (oax), Fifth Coast Guard District, 431 Crawford Street, Portsmouth, Virginia 23704-5004, between 9 a.m. and 2 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: S. L. Phillips, Project Manager, Auxiliary and Recreational Boating Safety Branch, at (757) 398-6204.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B) the Coast Guard finds that good cause exists for not publishing an NPRM. The event will take place on September 21, 2003. There is not sufficient time to allow for a notice and comment period, prior to the event. Because of the danger posed to the swimmers competing within a confined area, special local regulations are necessary to provide for the safety of event participants, support craft and other vessels transiting the event area.

For the same reasons, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date would be contrary to the public interest, since immediate action is needed to ensure the safety of participants, support craft, spectator craft and other vessels transiting the event area. For the safety concerns noted, it is in the public interest to have these regulations in effect during the event. However, advance notifications will be made to affected users of the waterway via marine information broadcasts and area newspapers.

Background and Purpose

On September 21, 2003, the College of William and Mary will sponsor the “James River Cancer Swim”. The event will consist of approximately 60 swimmers competing across a portion of the James River between Jamestown Beach and First Colony Beach, Virginia. The competition will begin at the southern shoreline. The participants will swim across to the northern shore, and then return to the finish line on the southern shore. Approximately 10 support vessels will accompany the swimmers. Due to the need for vessel control during the swimming event, the Coast Guard will temporarily restrict vessel traffic in the event area to provide for the safety of participants, support craft and other transiting vessels.

Discussion of Rule

The Coast Guard is establishing temporary special local regulations on specified waters of the James River between Jamestown Beach and First Colony Beach, Virginia. The temporary special local regulations will be in effect from 12:45 p.m. to 3:45 p.m. on September 21, 2003. The effect will be to restrict general navigation in the regulated area during the event. Except for persons or vessels authorized by the
