The regional sessions are a collaborative effort involving all major marine fisheries interests. The primary objective is to assemble and provide a comprehensive analysis of the diverse opinions, attitudes, and perspectives of marine resource stakeholders as they relate to broad themes in fisheries management. The secondary objective is to identify performance measures.

E-comments Pilot Program

NMFS encourages the public to participate in submitting comments by the e-comment program. To this end, NMFS is accepting comments by submitted mail, fax, and the Internet as part of its e-Comments pilot project. The e-Comments pilot project is designed to introduce electronic commenting to its constituents. You can respond to the questions on the e-comment page through NMFS' web page <http://www.nmfs.noaa.gov/emeetings>. The public is encouraged to use the new web site to compose and submit comments on the regional constituent meetings. In submitting comments, please include your name, address, and region for each comment. NMFS also invites public comments on the e-Comments program that allows you to submit your comments on line. Please submit your comments by only one means. Comments received from the public will become part of the public record and will be posted on the e-Comments web site <http://www.nmfs.noaa.gov/emeetings>.

Areas NMFS is soliciting public comments on:

- (1) What is the most important issue facing fisheries in your region?
- (2) Who has responsibility over this issue? If unclear, or uncertain, who should be in charge?
- (3) Identify and describe a possible solution or solutions that would remedy the issue?
- (4) Does the solution require (a) no changes to the present administrative or

statutory structure, or (b) administrative changes, and if so, what changes would you propose, or (c) statutory changes, and if so, what would they be?
