Abstract: The information collection includes initial reports and periodic recordkeeping necessary for EPA to ensure compliance with Federal standards for volatile organic compounds in consumer products. Respondents are manufacturers, distributors, and importers of consumer products. Responses to the collection are mandatory under 40 CFR part 59, subpart C—National Volatile Organic Compound Emission Standards for Consumer Products. All information submitted to EPA for which a claim of confidentiality is made will be safeguarded according to Agency policies set forth in 40 CFR part 2, subpart B—Confidentiality of Business Information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in 40 CFR are listed in 40 CFR part 9 and are identified on the form and/or instrument, if applicable.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 81 hours per respondent. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing

and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Entities potentially affected by this action are those which manufacture, distribute, or import consumer products for sale or distribution in the United States, including the District of Columbia and all United States territories.

Estimated Number of Respondents: 367.

Frequency of Response: occasional recordkeeping and reporting.

Estimated Total Annual Hour Burden: 29,613.

Estimated Total Annual Cost: \$1,104,057, includes \$0 annualized capital or O&M costs and \$1,104,057 labor costs.

Changes in the Estimates: There is a decrease of 82 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This decrease reflects an updated estimate calculation and is not due to any change in program requirements.

Alvarez*, Criminal Docket No. 1:03cr634, Felony Information at 1-2 (S.D.N.Y. filed May 20, 2003) ("*Alvarez Felony Information*").
