

electronically by the field technicians. The remaining questionnaires listed in Table 1 are administered after each participant is enrolled into the study during the monitoring events. The Participant and housing characteristics questionnaire will require a one-time period of 35 minutes to complete. The Monitoring visit questionnaire will be completed at the conclusion of each monitoring event and takes 10 minutes to complete. The Activity time line will be completed by the participant for three days during the monitoring event (15 minutes to complete multiplied by 3 days of completion equals 45 minutes for the monitoring event per participant). The Indirect ingestion assessment questionnaire will be completed at the conclusion of each monitoring event. It will take 13 minutes to complete. The Food diary and supplemental questionnaire will be completed by the participant. The participant uses this questionnaire to record the foods that are collected for the duplicate diet. The Food diary and supplemental questionnaire will require 10 minutes to complete. The Monthly pesticide purchase and use log will be completed by the participant on a monthly basis. This log is used to record pesticide application and use events in the residence. It will take 5 minutes to complete this log during the month. The Child care center pesticide use questionnaire will be administered to child care center directors for those children who attend child care during the monitoring event. It is anticipated that less than 10% of the participants will attend day care, so this questionnaire will be used infrequently. However, if used, it is administered directly to the center director and takes 10 minutes to complete. The Antimicrobial inventory log is administered once during the study. It is completed by the field technician with the help of the participant and takes 10 minutes to complete. The Antimicrobial use log is completed each month by the participant. This log requires a check mark if the product was used that day. This log will require approximately 1 minute to complete. The Vineland Adaptive Behavioral Scales will be administered during each monitoring event. It will take 20 minutes to complete. Over the course of each four-day monitoring event, the total time burden will be 149 minutes per participant. There are projected to be 60 participants enrolled into the study. The total participant time burden for each monitoring event will be 8940 minutes.

There are no direct participant costs for this data collection. Participants will be reimbursed for the costs of electricity used and food collected. Compensation will be offered to defray the burden associated with participating in this study.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Dated: September 24, 2003.

Jewel F. Morris,

Acting Director, National Exposure Research Laboratory.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-7568-2]

National Advisory Council for Environmental Policy and Technology (NACEPT) Superfund Subcommittee Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notification of public advisory NACEPT subcommittee on Superfund; open meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Superfund Subcommittee, a subcommittee of the National Advisory Council for Environmental Policy and Technology (NACEPT), will meet on the dates and times described below. The meeting is open to the public. Seating will be on a first-come basis, and limited time will be provided for public comment on each day.

DATES: The meeting will be held from 8:30 a.m. to 6 p.m. on November 5, 2003; from 8 a.m. to 6 p.m. on November 6, 2003; and 8 a.m. to 1 p.m. on November 7, 2003.

ADDRESSES: The meeting will take place at the Four Points Sheraton Hotel, 1201 K Street, Washington, DC.

FOR FURTHER INFORMATION CONTACT: Angelo Carasea, Designated Federal Officer for the NACEPT Superfund Subcommittee, Office of Superfund Remediation and Technology Innovation, Office of Solid Waste and Emergency Response, MC 5204G, 1200 Pennsylvania Ave., NW., Washington, DC, (703) 603-8828.

SUPPLEMENTARY INFORMATION:

Agenda

This seventh meeting of the NACEPT Superfund Subcommittee will involve discussion of the latest version of the Subcommittee's draft report. The agenda for the meeting will be available one week prior to the meeting's occurrence.

Public Attendance

The public is welcome to attend all portions of the meeting. Members of the public who plan to file written statements and/or make brief (suggested 5-minute limit) oral statements at the public sessions are encouraged to contact the Designated Federal Official. Each day will have one public comment period.
