Markwins Beauty Products, Inc., Formerly Known as AM Cosmetics, North Arlington, NJ; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on May 9, 2003, applicable to workers of Markwins Beauty Products, Inc., North Arlington, New Jersey. The notice was published in the **Federal Register** on June 3, 2003 (68 FR 33197).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers were engaged in the production of cosmetics. The subject firm originally named AM Cosmetics was renamed Markwins Beauty Products, Inc. in March, 2003. The State agency reports that some workers wages at the subject firm are being reported under the Unemployment Insurance (UI) tax account for AM Cosmetics, North Arlington, New Jersey.

Accordingly, the Department is amending the certification to properly reflect this matter.

The intent of the Department's certification is to include all workers of Markwins Beauty Products, Inc. who

were adversely affected by increased imports.

The amended notice applicable to TA-W-51,650 is hereby issued as follows:

All workers of Markwins Beauty Products, Inc., formerly known as AM Cosmetics, North Arlington, New Jersey, who became totally or partially separated from employment on or after April 10, 2002, through May 9, 2005, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974.

Micro Instrument Co., Escondido, CA; Notice of Revised Determination on Reconsideration

By letter postmarked June 17, 2003, a company official requested administrative reconsideration regarding the Department's Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to the workers of the subject firm.

The initial investigation resulted in a negative determination issued on May

12, 2003, based on the finding that imports of electronic testing equipment did not contribute importantly to worker separations at the subject plant and no shift of production to a foreign source occurred. The denial notice was published in the **Federal Register** on June 3, 2003 (68 FR 33197).

To support the request for reconsideration, the company official supplied additional major declining customers to supplement those that were survey during the initial investigation. Upon further review and contact with these customers of the subject firm, it was revealed that they increased their import purchases of semiconductor testing equipment during the relevant period. The imports accounted for a meaningful portion of the subject plant's lost sales and production.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with those produced at Micro Instrument Company, Escondido, California, contributed importantly to the declines in sales or production and to the total or partial separation of workers at the subject firm. In accordance with the provisions of the Act, I make the following certification:

All workers of Micro Instrument Company, Escondido, California, who became totally or partially separated from employment on or after January 31, 2002 through two years from the date of this certification, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed in Washington, DC, this 29th day of September, 2003.

Nokia, Inc., Broadband Systems Division, Santa Rosa, CA; Notice of Negative Determination Regarding Application for Reconsideration

By application of May 27, 2003, a petitioner requested administrative reconsideration of the Department's negative determination regarding eligibility for workers and former workers of the subject firm to apply for Trade Adjustment Assistance (TAA). The denial notice was signed on April 29, 2003 and published in the **Federal Register** on May 9, 2003 (68 FR 25060).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) If in the opinion of the Certifying Officer, a mis-interpretation of facts or of the law justified reconsideration of the decision.

The TAA petition, filed on behalf of workers at Nokia, Inc., Broadband Systems Division, Santa Rosa, California engaged in the employment related to research and development for Digital Subscriber Multiplexers (DSLMM), was denied because the workers did not produce an article within the meaning of section 222 of the Trade Act of 1974.

The petitioner alleges that workers were engaged in production. In a follow up contact, it was clarified that the petitioner wished it noted that workers at the facility did perform occasional assembly and testing of final DSLMM production within the two years prior to the plant shut down, as well as production of DSLMM prototypes for the parent company. He concluded that all
