

for staggered terms of 4 years, based on recommendations from the National Institutes of Health and the National Science Foundation.

Section 104 of FQPA (Public Law 104-170) established the FQPA Science Review Board (SRB). These scientists shall be available to the FIFRA SAP on an ad hoc basis to assist in reviews conducted by the FIFRA SAP.

B. Public Meeting

The FIFRA SAP will meet to consider and review the Physiologically-Based Pharmacokinetic Modeling (PBPK): Pilot analysis with a n-methyl carbamate pesticide. The Agency is in the early stages of developing a methodology that incorporates PBPK modeling to assess the cumulative risk for the n-methyl carbamate pesticides. The intent of this methodology is to provide a basis for extrapolation of cumulative risk of multiple common mechanism chemicals between species, from high to low doses, and across temporal dosing patterns and routes of exposure. As a starting point, the Agency will present its PBPK approach for one n-methyl carbamate. The purpose of the meeting will be to review a pilot analysis of this PBPK model. The Agency will request comment from the panel on various technical aspects of the pilot approach (e.g., model structure, pharmacokinetic and dynamic parameters).

C. FIFRA SAP Meeting Minutes

The FIFRA SAP will prepare meeting minutes summarizing its recommendations to the Agency in approximately 60 days after the meeting. The meeting minutes will be posted on the FIFRA SAP web site or may be obtained by contacting the PIRIB at the address or telephone number listed in Unit I.

List of Subjects

Environmental protection, Pesticides and pests.

Dated: October 10, 2003.

Joseph J. Merenda,

Director, Office of Science Coordination and Policy.

Science Advisory Board Staff Office; Committee on Valuing the Protection of Ecological Systems and Services Notification of Upcoming Public Workshop and Public Advisory Committee Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA Science Advisory Board (SAB) Staff Office is announcing a non-advisory public workshop and a public advisory meeting of the Board's Committee on Valuing the Protection of Ecological Systems and Services (Committee).

DATES: *October 27, 2003.* The Committee will participate in an Initial EPA Background Workshop for the Committee from 9 a.m.-6 p.m. (Eastern Time).

October 28, 2003. A public advisory meeting for the Committee will be held from 8:30 a.m. to 6 p.m. on October 28, 2003.

ADDRESSES: The meeting location for the October 27, 2003 workshop and the October 28, 2003 Committee meeting will be in Washington, DC. The meeting location will be announced on the SAB Web site, <http://www.epa.gov/sab> in advance of the meeting.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information regarding the upcoming workshop, the upcoming advisory meeting, or the Committee may contact Dr. Angela Nugent, Designated Federal Officer (DFO), U.S. EPA Science Advisory Board (1400A), 1200 Pennsylvania Avenue, NW., Washington, DC 20460; by telephone/voice mail at (202) 564-4562; or via e-mail at nugent.angela@epa.gov. General information about the SAB can be found in the SAB Web site at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION:

Background: Pursuant to the Federal Advisory Committee Act, Public Law 92-463, Notice is given that the Committee will hold a public meeting, as described above, to provide initial consultative advice on the development of EPA's Strategic Plan for Ecological Benefits and to plan the Committee's work.

Background on the Committee and its charge was provided in a **Federal Register** notice published on March 7, 2003 (68 FR 11082-11084). The overall charge to the Committee is to assess

Agency needs and the state of the art and science of valuing protection of ecological systems and services, and then to identify key areas for improving knowledge, methodologies, practice, and research.

At its first advisory meeting, the Committee will be providing consultative advice on the Agency's plans to develop an "Ecological Benefits Assessment Strategic Plan." Documents related to that consultation will be available at the following website, maintained by EPA's National Center for Environmental Economics at: <http://yosemite.epa.gov/ee/epa/eed.nsf/webpages/homepage?Opendocument>. A notice in the "News Alerts" box will direct readers to the materials.

The purpose of the day-long workshop, which precedes the advisory meeting, will be to provide a brief introduction for the Committee to the major types of EPA decisions involving valuing ecological systems and services, current EPA tools and EPA's needs.

Agendas for the public workshop and advisory meeting will be posted on the SAB website ten days before the dates of those events.

Procedures for Providing Public Comment. It is the policy of the EPA Science Advisory Board (SAB) Staff Office to accept written public comments of any length, and to accommodate oral public comments whenever possible. The EPA SAB Staff Office expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements. Oral Comments: In general, each individual or group requesting an oral presentation at a face-to-face meeting will be limited to a total time of ten minutes (unless otherwise indicated). For conference call meetings, opportunities for oral comment will usually be limited to no more than three minutes per speaker and no more than fifteen minutes total. Interested parties should contact the Designated Federal Official (DFO) identified above at least one week prior to the meeting in order to be placed on the public speaker list for the meeting. Speakers should bring at least 35 copies of their comments and presentation slides for distribution to the participants and public at the meeting. Written Comments: Although written comments are accepted until the date of the meeting (unless otherwise stated), written comments should be received in the SAB Staff Office at least one week prior to the meeting date so that the comments may be made available to the committee for their consideration. Comments should be supplied to the DFO at the address/contact information noted above in the

following formats: One hard copy with original signature, and one electronic copy via e-mail (acceptable file format: Adobe Acrobat, WordPerfect, Word, or Rich Text files (in IBM-PC/Windows 95/98 format)). Those providing written comments and who attend the meeting are also asked to bring 35 copies of their comments for public distribution.

Meeting Accommodations:

Individuals requiring special accommodation to access these meetings, should contact Dr. Nugent at least five business days prior to the meeting so that appropriate arrangements can be made.

Dated: October 16, 2003.

Vanessa T. Vu,

Director, EPA Science Advisory Board Staff Office.

Peer-Consultation Workshop on Tropospheric Ozone Formation, Concentrations, Exposure Estimates and Health Effects

AGENCY: Environmental Protection Agency.

ACTION: Notice of a peer-consultation workshop and public meeting.

SUMMARY: Today the U.S. Environmental Protection Agency (EPA) announces an October 29-30, 2003, expert peer-consultation workshop to facilitate preparation of preliminary draft chapters that cover tropospheric ozone (formation, concentrations, and exposure estimates) and the effects of ozone exposure in laboratory animals and on humans for an external review draft of a revised EPA document, *Air Quality Criteria for Ozone and Related Photochemical Oxidants*. Science Applications International Corporation (SAIC), an EPA contractor, will organize, convene, and conduct the peer-consultation workshop. Workshop draft chapters on these topics, prepared by the EPA's National Center for Environmental Assessment within the Office of Research and Development, will be available to registered public observers at the workshop. NCEA will consider the workshop, peer-consultation advice in preparing revised chapters for later release for public comment.

DATES: The peer-consultation workshop will begin on Wednesday, October 29, 2003, at 8:30 a.m., and end on

Thursday, October 30, 2003, at 5 p.m. Members of the public are invited to attend the workshop as observers.

ADDRESSES: The peer-consultation workshop will be held in the Auditorium of the U.S. Environmental Protection Agency, 109 T.W. Alexander Drive, Research Triangle Park, North Carolina 27709. Logistics and registration for the workshop are being arranged by SAIC, 11251 Roger Bacon Drive, Reston, VA 20190. To attend the workshop, register by Monday, October 27, 2003, by contacting Ms. Alina Martin, SAIC, at (703) 318-4678, or by sending a facsimile to (703) 736-0826. You can also register in advance via e-mail at tcs-events@saic.com. Space is limited, and reservations will be accepted on a first-come, first-serve basis. On-site registration on October 29-30, 2003, will be available, as space allows.

FOR FURTHER INFORMATION CONTACT:

EPA's contractor, SAIC, should be contacted for details pertaining to the workshop, registration, and logistics. For technical information contact: James Raub, U.S. EPA, NCEA-RTP, B243-01, Research Triangle Park, NC 27711; telephone: (919) 541-4157; facsimile: (919) 541-1818; or e-mail: raub.james@epa.gov.

SUPPLEMENTARY INFORMATION:

As discussed in a previous call for information (65 FR 57810, September 26, 2000), EPA is in the process of updating, and revising where appropriate, the document *Air Quality Criteria for Ozone and Related Photochemical Oxidants* (Ozone Criteria Document), as issued in July 1996. Sections 108 and 109 of the Clean Air Act require that EPA carry out a periodic review and revision, where appropriate, of the air quality criteria and national ambient air quality standards (NAAQS) for "criteria" air pollutants such as ozone.

As part of the review of the air quality criteria for ozone, a series of peer-consultation workshops are being convened to discuss and help prepare draft sections and chapters for the revised Ozone Criteria Document. Preliminary outlines of the proposed chapters were presented in the draft Project Work Plan released for public comment and for review by the Clean Air Scientific Advisory Committee of EPA's Science Advisory Board (66 FR 67524, December 31, 2001; 68 FR 3527, January 24, 2003). The first peer-consultation workshop was held on April 22 and 23, 2003 (68 FR 17365, April 19, 2003), to help develop a draft chapter on the environmental effects of ozone.

Copies of the draft materials for this next consultation workshop will be made available to the public at the workshop. Workshop draft sections and chapters will be revised for inclusion in the First External Review Draft of the Ozone Air Quality Criteria Document to be released later for public comment and for review by the Clean Air Scientific Advisory Committee (CASAC) of EPA's Science Advisory Board. EPA will announce the availability of this draft in a subsequent **Federal Register** notice and, at that time, will provide ample opportunity for public review and submission of written comments.

Interested parties are invited to assist the EPA in further developing and refining the scientific information base by identifying and submitting new information on the potential health and environmental effects of ozone. To be considered for inclusion in the criteria document, submitted information should be published or be accepted for publication in a peer-reviewed scientific journal.

Dated: October 17, 2003.

Peter W. Preuss,

Director, National Center for Environmental Assessment.

Diazinon; Product Registrations Cancellation Order

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's cancellation order for the cancellations, as requested by Drexel Chemical Company and Makhteshim Chemical Works, Limited, for all of their outdoor non-agricultural manufacturing-use products containing diazinon [O,O-diethyl O-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate], and as requested by Walla Walla Environmental, Incorporated, for its only outdoor non-agricultural end-use product containing diazinon. This order follows up a July 11, 2003 notice of receipt of requests from the three companies for cancellations of the above named product registrations. In the July 11, 2003 notice, EPA indicated that it would issue an order granting the voluntary product registration cancellations, unless the Agency received substantive comments within
