Questions

In addition to the eight questions that will be the topic of the meetings, published in the **Federal Register** (http://dmses.dot.gov/docimages/pdf88/255517_web.pdf) on September 26, 2003 (68 FR 55643), we add the two following questions:

(9) Our final rule published in the **Federal Register** (http://dmses.dot.gov/docimages/pdf88/257425_web.pdf) on October 22, 2003 (68 FR 60559), specifically exempted fishing vessels and certain passenger vessels from AIS carriage requirements. Other than costs, are there any specific reasons—particularly regarding safety or security—that warrant these vessels being excluded from AIS carriage? In particular, describe why these vessels should be treated differently from other commercial vessels over 65 feet in length?

(10) Recognizing that the cost of AIS are not insignificant, and are deemed by various commenters as being unreasonable, at what cost point would AIS be reasonable or not impose an undue burden?
