

In summary, the Commission notes that the Revised NYSE Composite Index is a broad-based index and that listing options on the Revised NYSE Composite Index will provide an opportunity for investors to hedge the market risk associated with the trading of equity securities on the NYSE.

IV. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹³ that the proposed rule change, as amended (SR-CBOE-2003-14) be, and it hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁴

Margaret H. McFarland,

Deputy Secretary.
