### Census Bureau

#### Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* U.S. Census Bureau.

*Title:* Current Population Survey, February 2004 Cell Phone Use Supplement.

*Form Number(s):* CPS-263(L), BC-1428.

*Agency Approval Number:* None.

*Type of Request:* New collection.

*Burden:* 630 hours.

*Number of Respondents:* 37,800.

*Average Hours Per Response:* 1 minute.

*Needs and Uses:* The U.S. Census Bureau requests OMB approval of the collection of information pertaining cell phone usage to be conducted as a supplement to the February 2004 Current Population Survey (CPS). The CPS is collected monthly by the U.S. Census Bureau for the Bureau of Labor Statistics (BLS).

Federal statistical agencies conduct telephone surveys more often than in the past. This trend is a result of the rising costs of in-person surveys as well as improvements in telephone sampling methodology (list-assisted designs). Government agencies, however, must pay particular attention to coverage issues that could affect the samples' representation of the universe. One of the coverage issues in telephone surveys, as they are currently done, is the failure to include households that only have cell phone service. While this is a small population at this point, we

know it is growing. Furthermore, the majority of households have both regular landline telephones plugged into the wall and cell phone service, but we do not know how they use their phones. It is possible they get most of their calls on a cell phone and only use the landline telephone to take messages or connect computers and fax machines. For these reasons we need good estimates of the size of the population with different types of telephone service. The data obtained on the demographic characteristics of those households will allow us to evaluate the level of undercoverage and its possible effect on estimates.

The information will be used by survey methodologists in both the public and private sector to further evaluate telephone survey designs and to develop better methods of sampling.

*Affected Public:* Individuals or households.

*Frequency:* One-time.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* Title 13 U.S.C., Section 182 and Title 29 U.S.C., Sections 1-9.

*OMB Desk Officer:* Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at [dhynek@doc.gov](mailto:dhynek@doc.gov)).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer either by fax (202-395-7245) or e-mail ([susan\\_schechter@omb.eop.gov](mailto:susan_schechter@omb.eop.gov)).

Dated: November 14, 2003.

## DEPARTMENT OF COMMERCE

### Foreign-Trade Zones Board

[Docket No. 59-2003]

#### Foreign-Trade Zone 44—Trenton, New Jersey, Expansion of Manufacturing Authority and Removal of Restrictions, Subzones 44B, 44C and 44D, International Flavors & Fragrances, Inc. (Flavor and Fragrance Products), Hazlet, Union Beach and Dayton, NJ

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the NJ Commerce & Economic Growth Commission, grantee of FTZ 44, requesting authority to expand the scope of manufacturing authority under zone procedures within Subzones 44B, 44C and 44D at the International Flavors & Fragrances, Inc. (IFF), facilities, located in Hazlet, Union Beach and Dayton, New Jersey. It was formally filed on November 4, 2003.

Subzones 44B, 44C and 44D were approved on 10/14/87 (FTZ Board Order #366). The FTZ Board approved the subzones subject to a time limit and reporting requirements. The Board extended the time limit for two additional time periods in 1992 and 1997. In April 2003, IFF was granted an 18-month temporary time extension to June 30, 2004, subject to the conditions of Board Order 366.

The present application for expansion of the scope of manufacturing authority seeks authority to update and expand the scope of IFF's manufacturing under zone procedures to encompass a wider range of products and requests that the time limit and reporting requirements be removed. The applicant also seeks to reorganize FTZ designation for the three subzones into one subzone to be designated as Subzone 44B. The applicant further requests that the acreage at the Union Beach site (Subzone 44C) be reduced from the original 200 acres to 155 acres, with the total acreage for IFF's subzone decreasing to 327 acres.

The application would expand the scope of authority to include a broader range of flavor and fragrance compounds, which are used by other manufacturers to impart flavor and fragrance to their finished products, including the following: fragrances and toiletries, soaps, detergents, household products, and beverages and food products. The application also requests that the scope of authority for sourcing of foreign components be extended to include the following items: vanilla beans, sunflower seed and other oils, petroleum oils from bituminous minerals, other than crude, hydrogen

and hydrogen chloride, sulfuric acid, nitric acid, diphosphorus pentoxide, ammonia, sodium hydroxide, artificial corundum, titanium oxides, chlorides, sulfides and sulfates, phosphinates, phosphonates and phosphates, carbonates, silicates, hydrogen peroxide, acyclic and cyclic hydrocarbons, halogenated derivatives of hydrocarbons, acyclic and cyclic alcohols, phenols, ethers, epoxides, aldehydes, ketones and quinones, saturated and unsaturated acyclic monocarboxylic acids, polycarboxylic and carboxylic acids, esters, amine-function compounds, oxygen-function amino-compounds, amino-alcohol-phenols, quaternary ammonium salts, carboxyimide-function compounds, nitrile-function compounds, organo-sulfur compounds, heterocyclic compounds, nucleic acids and their salts, provitamins and vitamins, glycosides, vegetable alkaloids, sugars, chemically pure (HTS 2940), other than sucrose, tanning extracts, essential oils, mixtures of odoriferous substances, beauty or make-up preparations, organic surface agents, artificial wares and prepared waxes, casein, albumins, peptones and their derivatives, enzymes, gum, wood or sulfate turpentine, rosin and resin acids, reaction initiators, industrial monocarboxylic fatty acids, polymers of ethylene, polymers of vinyl acetate, cellulose and its derivatives, natural polymers, fuel wood, and granules and powders of pig iron (2003 duty rate range: duty-free to 10%). The list represents an expanded scope of IFF's existing scope of sourcing authority.

FTZ procedures would continue to exempt IFF from Customs duty payments on the foreign components used in production for export. On its domestic sales and exports to NAFTA countries, the company can choose the lower duty rate that applies to finished products (duty-free to 10%) for the foreign inputs noted above. In accordance with Section 400.32(b)(1) of the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the following addresses:

1. *Submissions via Express/Package Delivery Services:* Foreign-Trade Zones Board, U.S. Department of Commerce, Franklin Court Building-Suite 4100W, 1099 14th Street, NW., Washington, DC 20005; or

2. *Submissions via U.S. Postal Service:* Foreign-Trade Zones Board,

U.S. Department of Commerce, FCB-4100W, 1401 Constitution Ave., NW., Washington, DC 20230.

The closing period for their receipt is January 20, 2004. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to February 2, 2004).

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zone Board's Executive Secretary at address No. 1 listed above.

Dated: November 4, 2003.

### Foreign-Trade Zones Board

[Docket No. 60-2003]

#### **Foreign-Trade Zone 44—Morris County, NJ, Application for Subzone, L'Oreal USA, Inc. (Cosmetic and Beauty Products), Middlesex, Somerset and Union Counties**

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the New Jersey Commerce & Economic Growth Commission, grantee of FTZ 44, requesting special-purpose subzone status for the manufacturing and warehousing facilities of L'Oreal USA, Inc. (L'Oreal USA), located in Middlesex, Somerset and Union Counties. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on November 5, 2003.

The proposed L'Oreal USA subzone has four sites with 2000 employees in New Jersey:

Site 1 (Clark Complex, 3 Parcels, 22.5 acres total) as follows:

- 4.6 acres at 175-195 Terminal Avenue, Clark, Union County
- 8.8 acres at 200-222 Terminal Avenue, Clark, Union County
- 9 acres at 60, 70 Leonard Street, Metuchen, Middlesex County

Site 2 (Piscataway Complex, 3 Parcels, 32.8 acres total) as follows:

- 16.5 acres at 81 New England Avenue, Piscataway, Middlesex County
- 5.2 acres at 60 New England Avenue, Piscataway, Middlesex County
- 11.1 acres at 80 Schoolhouse Road,

Somerset, Somerset County

Site 3 (Franklin Complex, 2 Parcels, 42.2 acres total) as follows:

- 34.7 acres at 100 Commerce Drive, Somerset, Somerset County
- 7.5 acres at 10 Van Dyke Avenue, New Brunswick, Middlesex County

Site 4 (Brunswick Complex, 2 Parcels, 78.5 acres total) as follows:

- 56.5 acres at 77 Deans Rhode Hall Road, Monmouth Junction, Middlesex County
- 22 acres at 2400 U.S. Route 1, North Brunswick, Middlesex County

The L'Oreal USA facilities will be used for the manufacturing and warehousing of cosmetic and beauty products including hair care, cosmetic, treatment products and fragrance products (HTS 3302.90, 3303.00, 3304.10, 3304.20, 3304.30, 3304.91, 3304.99, 3305.10, 3305.20, 3305.30, 3305.90, 3307.10, 3307.20 and 3307.30). Components and materials sourced from abroad represent some 27% of all parts consumed in manufacturing. The primary inverted tariff savings will come from the following components: plastic, glass, base metal and aluminum packaging components, pads for cosmetic application, carboxylic with additional O2 function, paraphenylenediamine, O2 function amino compounds, quaternary ammonium salts, acyclic amide, fatty substances, animal or vegetable polyethers, polyether nonionic surfactant, mixtures of amino acids, chemical preparations, mixtures of proteins and preservatives, polymers of vinyl esters, vinyl acetate polymers, polyamide, petroleum resins and thermosetting polymers (HTS 2918.90, 2921.51, 2922.50, 2923.90, 2924.19, 3402.13, 3824.90, 3905.19, 3908.10, 3911.90, 3923.10, 3923.30, 3923.50, 3923.90, 3926.90, 7010.90, 7010.94, 7020.00, 7117.19, 7612.10, 7612.90 and 9616.20, duty rate ranges from 2.4 to 11%). The application also indicates that the company may import under FTZ procedures other materials used in the production of cosmetic and beauty products falling under the following HTS, as further described in the application: HTS 0408, 0409, 1108, 1301, 1302, 1504, 1505, 1511, 1515, 1516, 1521, 1525, 1603, 1702.90.90, 2009, 2106, 2507, 2520, 2525, 2526, 2710, 2712, 2811, 2815, 2817, 2818, 2821, 2823, 2827, 2835, 2836, 2901, 2904, 2906, 2907, 2909, 2914, 2915, 2916, 2918, 2919, 2922, 2923, 2925, 2930, 2932, 2933, 2934, 2936, 2938, 3301, 3302, 3304, 3402, 3404, 3501, 3504, 3507, 3806, 3808, 3823, 3824, 3901, 3902, 3903, 3904, 3905, 3906, 3907, 3908, 3910, 3912, 3913, 3923,
