## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-48756; File No. SR-ISE-2003-03]

### Self-Regulatory Organizations; International Securities Exchange, Inc.; Order Granting Approval of Proposed Rule Change and Amendment Nos. 1 and 2 Thereto by the International Securities Exchange, Inc., Relating to Market Maker Obligations

November 7, 2003.

#### I. Introduction

On February 19, 2003, the International Securities Exchange, Inc. ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act

of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> a proposed rule change to amend ISE Rule 803 to clarify the obligations of the ISE's Primary Market Makers ("PMMs") when handling orders from persons who are not brokers or dealers in securities ("Public Customers") when there is a better price available on another exchange. On September 15, 2003, the Exchange amended the proposed rule change.<sup>3</sup> The proposed rule change, as amended, was published for comment in the **Federal Register** on October 1, 2003.<sup>4</sup> On October 1, 2003, the Exchange amended the proposed rule change.<sup>5</sup>

The Commission received no comments on the proposal. This order approves the proposed rule change, as amended. In addition, the order approves, on an accelerated basis, Amendment No. 2.

#### II. Discussion

The Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.<sup>6</sup> In particular, the Commission believes that the proposed rule change, as amended, is consistent with Section 6(b) of the Act,<sup>7</sup> in general, and furthers the objectives of Section 6(b)(5),<sup>8</sup> in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the

mechanism of a free and open market and a national market system, and in general, to protect investors and the public interest.

The Commission finds that the proposed rule change, as amended, is reasonably designed to accomplish these ends because it clarifies the obligations of a PMM when addressing a Public Customer order when there is a better price displayed by another market. Given the intermarket linkage between the ISE and the other options exchanges ("Linkage"), this clarity should provide guidance to PMMs in the satisfaction of their best execution obligations with respect to Public Customer orders.

The Commission notes that the proposed rule change, as amended, would require specifically that, upon receiving a Public Customer order, a PMM must, as soon as practical, either execute the order at the best available price or send a Principal Acting as Agent Order through Linkage to obtain the best price for the order. The proposed rule change, as amended, also would require that a PMM must act with due diligence in handling Public Customer orders and must accord such orders priority over the PMM's principal orders. The Commission believes that the proposed rule change, as amended, should protect investors and the public interest by providing additional safeguards designed to ensure that PMMs handle Public Customer orders appropriately. Moreover, the Commission believes that the proposed rule change, as amended, should enhance competition and increase liquidity in the options markets by affirmatively requiring that PMMs react to an incoming order as soon as practical by either executing the order or routing it through Linkage.

#### III. Conclusion

For the reasons discussed above, the Commission finds that the proposed rule change, as amended, is consistent with the Act and the rules and regulations thereunder applicable to a national securities exchange.

*It Is Therefore Ordered*, pursuant to Section 19(b)(2) of the Act,<sup>9</sup> that the proposed rule change (SR-ISE-2003-03), as amended, be, and it hereby is, approved.

**II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the NYSE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change, as amended. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

*A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

1. Purpose

The NYSE proposes to amend its 2003 Price List to increase its fingerprint processing fee. Rule 17f-2 of the Act<sup>5</sup> requires the fingerprinting of, among others, every partner, director, officer, and certain specified employees of a national securities exchange member, broker, and dealer. Further, such fingerprints must be submitted to the U.S. Attorney General’s Office or its designee for processing and review.

Pursuant to a plan filed with and approved by the Commission in accordance with paragraph (c) of Rule 17f-2<sup>6</sup> (“Plan”), the Exchange acts as a processor of fingerprints whereby it forwards fingerprint cards (and attendant payments) to the Federal Bureau of Investigation (“FBI”).

The Exchange performs this service for non-registered employees of members, member organizations, and a limited number of others<sup>7</sup> pursuant to Rule 17f-2<sup>8</sup> (e.g., transfer agents). Further, the Exchange processes some fingerprint checks on behalf of both prospective NYSE members not associated with a member organization and current members seeking to change firms. In any instance where the Exchange provides FBI fingerprint processing services to a registered

<sup>5</sup> 17 CFR 240.17f-2.

<sup>6</sup> 17 CFR 240.17f-2(c).

<sup>7</sup> The NYSE has represented that it has contacted the affected group of non-members and that none of the contacted non-members has objected.

According to the NYSE, the number of interested persons that are not associated with a member or member organization is a very small percentage of the total number of persons who utilize the Exchange’s fingerprint processing service. Teleconference between Mary Anne Furlong, Director, Rule and Interpretive Standards, NYSE, and Christopher B. Stone, Special Counsel, Division, Commission (September 23, 2003).

<sup>8</sup> 17 CFR 240.17f-2.

person, the results are forwarded to the National Association of Securities Dealers, Inc. (“NASD”) by the member or member organization for posting to the registered person’s central registration depository record.

The current total fee charged by the Exchange per fingerprint card is \$25.50, which amount consists of a \$24.00 processing fee charged by the FBI (of which \$2.00 is returned to the NYSE) and a \$1.50 processing fee charged by the Exchange. The Exchange is proposing to raise the processing fee to \$11.00, an increase of \$9.50. This increase would bring the total processing fee per card to \$35.00. The most recent fee increase occurred in January of 1994 when the FBI raised its processing fee from \$23.00 to \$24.00. The fee of \$1.50 charged by the Exchange has not increased since the Plan’s inception in 1976.

The proposed fee increase is directly related to costs incurred from the Exchange’s transition from a manual to an electronic method of submitting fingerprint cards to the FBI.<sup>9</sup> This transition has resulted in a significant improvement in client service. Upgrades to the Exchange system have reduced processing time per card from an average of three weeks to a current turnaround time of 24 to 48 hours.

In addition to recouping consulting and programming expenses incurred during the system upgrade, the increase would offset the cost of maintaining the service. The Exchange also believes that the increase would bring the Exchange’s processing fee more in line with similar services provided by NASD.

2. Statutory Basis

The Exchange believes that the proposed rule change, as amended, is consistent with Section 6(b) of the Act<sup>10</sup> in general, and furthers the objectives of Section 6(b)(4) of the Act<sup>11</sup> because the rules of the Exchange provide for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities. The Exchange believes that the proposed rule change is also consistent with Section 6(b)(5)<sup>12</sup> of the Exchange Act in that it enables the Exchange to recover its costs with respect to fingerprint card processing.

<sup>9</sup> The NYSE has represented that it intends to amend its Plan to reflect this change.
