BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR**Geological Survey****Request for Public Comments on Information Collection Submitted to the Office of Management and Budget for Review Under the Paperwork Reduction Act**

A request extending the information collection described has been submitted to the Office of Management and Budget (OMB) for Approval under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35). Copies of the proposed collection instrument may be obtained by contacting the USGS clearance officer at the phone number listed below. OMB has up to 60 days to approve or disapprove the information collection, but may respond after 30 days; therefore, public comments should be submitted to OMB within 30 days in order to assure their maximum consideration. Comments and suggestions on the proposal should be made directly to the Desk Officer for the Interior Department, Office of Regulatory Affairs, OMB, via e-mail to OIRA_DOCKET@omb.eop.gov or via facsimile to (202) 395-6566; and to the USGS Clearance Officer, U.S. Geological Survey, 807 National Center, 12201 Sunrise Valley Drive, Reston, Virginia, 20192.

Specific public comments are requested as to:

1. Whether the collection of information is necessary for the proper performance of the functions on the USGS, including whether the information will have practical utility;
2. The accuracy of the USGS estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
3. The quality, utility, and clarity of the information to be collected; and
4. How to minimize the burden of the collection of information on those who

are to respond, including the use of appropriate automated, electronic, mechanical, or other forms of information technology.

Title: National Atlas of the United States of America.

Current OMB approval number: 1028-0057.

Abstract: Potential customers of electronic national atlas products will be asked questions that provide (1) potential uses of these products; (2) type of personal computer used; (3) current method of acquiring atlas-type information; (4) demographic information; and (5) personal expectations from the products. Survey questionnaires will be distributed by mail in the return postage-paid format and via the World Wide Web. Focus groups will be held at various locations across the United States and could include prototype product testing. Software usability studies will be conducted at various locations and will result in the development of products that are easier to use. Customer information gathered from the questionnaires, focus groups, and usability studies will be used to evaluate the National Atlas of the United States products and to make development adjustments based on customer responses. The proposed collection is limited in scope to the National Atlas products and the capability of the products to meet customer needs. The USGS intends to develop a cooperative research and development agreement with private industry to assist in product development and to provide an additional avenue for product distribution.

Bureau form number: None.

Frequency: An estimated 2-3 surveys, and 2-5 focus group studies per year to evaluate potential customer segments and reactions.

Description of respondents: Owners of powerful home personal computers, some with Internet access—potentially the general public, libraries, and schools.

Estimated completion time: Varies depending on the mechanism used: approximately 15 minutes per survey and 1 hour per focus group session.

Annual responses: Approximately 1,000 survey and 100 focus group responses.

Annual burden hours: 350.

Bureau clearance officer: John Cordyack, 703-648-7313.

Dated: October 2, 2003.

Robert A. Lidwin,

Chief of Staff for Geography.

DEPARTMENT OF THE INTERIOR**Geological Survey****Request for Public Comments on Proposed Information Collection Submitted to the Office of Management and Budget for Review Under the Paperwork Reduction Act**

The Proposal to extend the collection of information described below has been submitted to the Office of Management and Budget for approval under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35). Copies of the proposed collection of information and related forms may be obtained by contacting the Bureau's clearance officer at the phone number listed below. OMB has up to 60 days to approve or disapprove the information collection, but may respond after 30 days; therefore public comments should be submitted to OMB within 30 days in order to assure maximum consideration. Comments and suggestions on the proposal should be made directly to the Desk Officer for the Interior Department, OMB-OIRA, via e-mail to OIRA_DOCKET@omb.eop.gov or via facsimile to (202) 395-6566, and to the Bureau clearance officer, U.S. Geological Survey, 807 National Center, 12201 Sunrise Valley Drive., Reston, Virginia, 20192.

Specific public comments are requested as to:

1. Whether the collection of information is necessary for the proper performance of the functions on the bureaus, including whether the information will have practical utility;
2. The accuracy of the bureau's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
3. The quality, utility, and clarity of the information to be collected; and
4. How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other forms of information technology.

Title: Annual National Earthquake Hazards Reduction Program Announcement.

OMB approval number: 1028-0051.

Abstract: Respondents submit proposals to support research in earthquake hazards and earthquake
