

built to deliver the water to existing water distribution systems. Recreation facilities would be developed and a 2,500 acre-foot minimum pool for fish habitat would be provided. Mitigation measures would be implemented to offset adverse impacts to wetlands, terrestrial wildlife, and stream fisheries. Additional water conservation measures would be implemented independent of this proposed action, but water users would be required to use or agree to implement conservation measures to be eligible to receive project water.

Public Disclosure

It is Reclamation's practice to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.
