Kokusai Semiconductor Equipment Corporation, Billerica Facility, Billerica, MA; Notice of Revised Determination on Reconsideration

By application of April 8, 2003, a petitioner requested administrative reconsideration regarding the Department's Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to the workers of the subject firm.

The initial investigation resulted in a negative determination issued on March

11, 2003, based on the finding that imports of vertical diffusion furnaces (200mm and 300mm wafers) did not contribute importantly to worker separations at the subject plant and no shift of production to a foreign source occurred. The denial notice was published in the **Federal Register** on March 26, 2003 (68 FR 14706).

Upon further review of the initial investigation, in the reconsideration process, it was revealed that subject firm customer(s) increased their import purchases of semiconductor testing equipment during the relevant period. It was further revealed that U.S. aggregate imports of electric furnaces and ovens for diffusion, oxidation or annealing of semiconductor wafers increased significantly during the relevant period.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with those produced at Kokusai Semiconductor Equipment Corporation, Billerica Facility, Billerica, Massachusetts, contributed importantly to the declines in sales or production and to the total or partial separation of workers at the subject firm. In accordance with the provisions of the Act, I make the following certification:

All workers of Kokusai Semiconductor Equipment Corporation, Billerica Facility, Billerica, Massachusetts, who became totally or partially separated from employment on or after November 16, 2001 through two years from the date of this certification, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed in Washington, DC, this 27th day of October, 2003.

Levolor Kirsch Window Fashions, Levolor Home Fashions, Westminster, CA; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on April

8, 2002, applicable to workers of Levolor Kirsch Window Fashions, Wood and Faux Wood Custom Window Coverings Department, Westminster, California. The notice was published in the **Federal Register** on April 24, 2002 (67 FR 20166). The certification was amended on July 15, 2003 to show that workers wages were paid under the unemployment insurance (U.I.) tax account for Levolor Home Fashions. The notice was published in the **Federal Register** on July 24, 2002 (67 FR 48486).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. Findings show that the Department limited its certification coverage to the Wood and Faux Wood Custom Window Coverings Department who were engaged in the production of wood and faux wood window coverings at the subject firm.

Company information shows that the Westminster, California plant has closed down completely and has shifted production of wood and faux wood window coverings to Mexico.

It is the intent of the Department to include "all workers" of Levolor Kirsch Window Fashions, Levolor Home Fashions who were adversely affected by increased imports.

The amended notice applicable to TA-W-40,834 is hereby issued as follows:

All workers of Levolor Kirsch Window Fashions, Levolor Home Fashions, Westminster, California, who became totally or partially separated from employment on or after January 28, 2001 through April 8, 2004, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974.
