**FOR FURTHER INFORMATION CONTACT:** Dunyako Ahmadu or Richard Rimlinger, AD/CVD Enforcement 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-0198 or (202) 482-4477, respectively.

**Background**

On August 1, 2003, the Department of Commerce (the Department) published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on granular polytetrafluoroethylene resin from Japan. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review* (68 FR 45218). On August 28, 2003, Asahi Glass Fluoropolymers Co., Ltd. and Asahi Glass Fluoropolymers USA Inc. (collectively AGF) requested that the Department conduct an administrative review of AGF's exports and imports for the period August 1, 2002, through July 31, 2003. On September 30, 2003, the Department published in the **Federal Register** a notice of initiation of this administrative review. *See Notice of Initiation of Antidumping and Countervailing Duty Administrative Reviews, Request for Revocation in Part and Deferral of Administrative Review* (68 FR 56262).

On October 20, 2003, AGF withdrew its request for review and requested that Department rescind the administrative review.

**Rescission of Review**

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review if a party that requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. Because AGF submitted its request for rescission within the 90-day time limit and there were no requests for a review from other interested parties, we are rescinding this review. As such, we will issue appropriate appraisal instructions directly to the U.S. Customs and Border Protection.

This notice is in accordance with section 777(i) of the Act and 19 CFR 351.213(d)(4).

Dated: November 21, 2003.

The marine mammal stranding report provides information on strandings so that the National Marine Fisheries Service (NMFS) can compile and analyze by region the species, numbers, conditions, and causes of illnesses and deaths in stranded marine mammals. The Agency requires this information to fulfill its management responsibilities under the Marine Mammal Protection Act (16 U.S.C. 1421a). The Agency is also responsible for the welfare of marine mammals while in rehabilitation status. The data from the marine mammal rehabilitation disposition report are required for monitoring and tracking of marine mammals held at various NMFS-authorized facilities. This information is submitted primarily by volunteer members of the marine mammal stranding networks who are authorized by the Agency.
