

surveyor and the person interviewed. Telephone interviews have not been successful on the North Slope.

Households in Barrow, Kaktovik, Nuiqsut, and Savoonga (control village) will be randomly chosen for interviews. To achieve the desired statistical confidence level, smaller communities are sampled at a higher rate than are

larger ones. Respondents will be paid for taking part in the survey.

*Frequency:* One-time survey.

*Estimated Number and Description of Respondents:* Approximately 614 respondents from Alaska's North Slope communities and a control group in western Alaska.

*Estimated Reporting and Recordkeeping "Hour" Burden:* The estimated annual "hour" burden for this information collection is a total of 474 hours. The following chart details the individual components and estimated hour burdens.

*Estimated Reporting and Recordkeeping "Non-Hour Cost"*

*Burden:* No non-hour cost burden has been identified.

*Public Disclosure Statement:* The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

*Comments:* Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency " \* \* \* to provide notice \* \* \* and otherwise consult with members of the public and affected agencies concerning each proposed collection of information \* \* \*"

Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, on July 14, 2003, we published a **Federal Register** notice

(68 FR 41658) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. This notice also informed the public that they may comment at any time on the collections of information and provided the address to which they should send comments. We have received no comments in response to these efforts.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by January 2, 2004.

*Public Comment Policy:* MMS practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. If you wish your name and/or address to be withheld, you must state this prominently at the beginning of your comment. MMS will honor the request to the extent allowable by the law. However, anonymous comments will not be considered. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be

made available for public inspection in their entirety.
