

Missouri has agreed to commit OU1 in perpetuity for civic, park, and/or parking purposes. It will also impose certain use restrictions on OU1 through the grant of a restrictive covenant and easement to the State of Missouri; provide access to OU1 to the United States and the State for response action implementation, maintenance, and monitoring; provide notice of contamination to any successors in interest; exercise due care with regard to contamination at OU1; and cooperate with the United States and the State in its investigation and response to the release or threat of release of hazardous substances at OU1.

If the Industrial Development Authority of the City of New Haven, Missouri fails to comply with the Prospective Purchaser Agreement, it shall be liable for litigation and other enforcement costs incurred by the United States to enforce the Prospective Purchaser Agreement or otherwise obtain compliance.

Dated: November 25, 2003.

William Rice,

Acting Regional Administrator, Region VII.

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission for Extension Under Delegated Authority

November 26, 2003.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Pub. L. No. 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of

information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Persons wishing to comment on this information collection should submit comments February 6, 2004. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all Paperwork Reduction Act (PRA) comments to Judith B. Herman, Federal Communications Commission, 445 12th Street, SW., Room 1-C804, Washington, DC 20554 or via the Internet to *Judith-B.Herman@fcc.gov*.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Judith B. Herman at 202-418-0214 or via the Internet at *Judith-B.Herman@fcc.gov*.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0955.

Title: 2 GHz Mobile Satellite Service Reports.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for profit.

Number of Respondents: 9.

Estimated Time Per Response: 3 hours.

Frequency of Response: On occasion reporting requirement and recordkeeping requirement.

Total Annual Burden: 27 hours.

Annual Cost Burden: \$14,000.

Needs and Uses: The 2 GHz mobile satellite service rules, 47 CFR Part 25, require disclosure in the form of a narrative statement, through amendments to applications or letters of intent, or orbital debris mitigation design and operational strategies and a casualty risk assessment if planned post-mission disposal involves atmospheric re-entry of spacecraft. This requirement will permit the Commission and the public to comment on each system's design. Two GHz mobile satellite systems receiving expansion spectrum as part of the rural and unserved areas spectrum incentive must provide a report on the actual number of subscriber minutes originating or terminating in unserved areas as a percentage of the actual U.S. system use. This rule will permit the Commission to verify that service is being provided in rural and unserved areas. In addition, system proponents will have to complete critical design review (CDR) within two years of
